No. 424. Read the following Circular from Lieutenant-Colonel C. H. DICKENS, R. A., Secretary to the Government of India, Public Works Department, (Military Works,) to the Secretary to Government of Madras, in the Public Works Department, dated Fort William, 1st April 1865, No. 31:—

1. The Governor General in Council is pleased to lay down the following rules, which have met the approval of His Excellency the Commander-in-Chief, to regulate the extent of accommodation to be provided for the spare furniture and stores under charge of the Barrack Department at the several stations of the Army:—

1st.—The scale of store-room accommodation will be as follows, viz.:—

For a Regiment of British Infantry—

Two open sheds resting on pillars, each 50 by 15 feet.
One room with doors and locks 20 by 15 feet.

For a Regiment of British Cavalry—

Two open sheds, each 35 by 15 feet.
One room 15 by 15 feet with door and lock.

For a Wing of Cavalry or Infantry—

One open shed 50 by 15 feet.
One room 15 by 10 feet with door and lock.

For a Horse or Light Field Battery—

One open shed 25 by 15 feet.
One room 15 by 10 feet with door and lock.

For a Garrison Battery—

One open shed 20 by 15 feet.
One room 15 by 10 feet with door and lock.

2. This scale is intended to indicate the amount of accommodation required by the several units above specified, but it is not necessary that separate store-rooms should be provided for the furniture of each Regiment and Battery, when there are two or more units at a station.

2nd.—The rooms should have pegs and shelves fitted in the walls for musketry implements.

3rd.—The several buildings of the Barrack Master's store should be arranged so as to form an enclosure, leaving an open space in the centre and having one entrance only. The open space is necessary to facilitate the examination and issue of the furniture.

4th.—A Chowkeedar's hut 10 by 10 feet may be provided at the entrance gate; and a small office for the Barrack Master may also be provided in the premises.
