*Proceedings of the Madras Government, Public Works Department,
27th April 1865.*

No. 462. Read the following Endorsement of the Superintending Engineer, 4th Division, dated Camp, Conjeveram, 8th April 1865, No. 6,410 A :—

Read the following letter from W. FRASER, Esq., C. E., Special Executive Engineer, to Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, dated Mount Road, 4th April 1865, No. 263 :—

SIR,

1. I have the honor to draw your attention to the sum of Rupees 3,271-9-9, which was allowed for the purchase of part of Pugh's Garden at the Adyar, and which has not yet been paid. If it is not paid away before the end of the current month it will stand as an unexpended balance in my account, and this would be objectionable.

2. I don't know what probability there is of this amount being disbursed in this month, as I do not know how the question now stands, but I should be very glad if I were allowed to expend this amount in deepening portions of the south canal, between the 6th and 13th miles, for which I forward an estimate. The work can be finished by the end of the month, if I receive sanction within six days from this date.

3. With reference to the purchase of Pugh's Gardens for river conservancy I have to state, in addition to the remarks in my letter No. 117, dated 12th September 1864, that if the junction canal be proceeded with, it is very likely that the greater part of the compound would be taken up, in which case it would be more economical for Government to take over the whole of that property than a part, as originally intended.

Enclosures 2.

1. Submitted to Government, with reference to letter from this Office No. 4,279, dated 22nd November 1864.

2. The amount, Rupees 3,271-9-9, made available from the "Reserve" head "Miscellaneous Public Improvements," in G. O. No. 1,807, 21st June 1864, may be advantageously applied to carrying out the proposal contained in the above letter; and to save time, the Special Executive Engineer has been instructed to proceed with the work.

3. Application will be made next year for funds for the purchase of such lands, being part or whole of the property known as Pugh's Gardens, as Government may decide to appropriate, in passing orders on the Superintending Engineer's letter above referred to.

Superintending Engineer, 4th Division.
