*Proceedings of the Madras Government, Public Works Department,
27th April 1865.*

No. 487. Read the following letter from Lieutenant-Colonel G. W. WALKER, R. E., Superintending Engineer, 7th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Coonoor, 20th April 1865, No. 321. —

SIR,

1. I have the honor to forward a List of works struck out by the Controller of Public Works Accounts from the Appropriation Returns of the Malabar District for December 1864 and January 1865, stating that they are to be classed as Minor New Works, and that transfer of funds should be applied for, from Government, as they cannot be classed as Repairs.

Enclosure 1.

2. Should Government be of opinion that these works come under the category of Minor New Works, I request that they may be pleased to sanction a transfer of Rupees 3,071-5-7 from the allotment under the head of Repairs to Military Buildings to that of Minor* New Works. I see no great objection to their being paid for out of the Repair allotment; but as I remarked in sending up the bills alluded to in Government Order No. 719 of 15th March, there has been great irregularity of action on the part of the Cannanore Range Officer in carrying out the requisitions of the Military authorities without the slightest reference to this Office, a practice which seems to date from Captain Vertue's assumption of the Range charge. It has now been put a stop to.
