*Proceedings of the Madras Government, Public Works Department,
28th April 1865.*

No. 508. Read the following letter from Lieutenant-Colonel G. W. WALKER, R. E., Superintending Engineer, 7th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Coonoor, 11th April 1865, No. 311 :—

SIR,
1. Recent reports from Malabar have shown that considerable sums allotted for the communications connected with the Karkur and Tambercherry Ghâts will remain unspent, owing to the very feverish state of the country below them; and other large sums allotted for the new Periah Ghât and road from the Mysore frontier to Sultan's Battery, in consequence of the late period of the year at which they were authorized, by which time all available labour in the Wynad had been taken up. I have, therefore, the honor to request that G. O. No. 737 of 16th March, appropriating Rupees 40,000 private contributions to Lawrence Asylum, may be cancelled, and fresh orders passed on the accompanying detailed statements, of which the following is a summary, viz. :—

for which I have no doubt provision can be made without trenching on the private contribution above alluded to.

2. Statement No. I. for Canara requires explanation, which as regards Lieutenant Filgate's works under Munzerabad Ghât is afforded by the fact of cholera having broken out, and the works having been prosecuted under the greatest difficulties, only overcome by that Officer's energy. He had to raise wages to keep men together at all, and his Subordinate Executive Staff being greatly disabled the amount of work got out of them in his own absence was but small. As for Mr. Fernandez's demand for Rupees 1,500 on account of the Wokatoor bridge, I can

*Proceedings of the Madras Government, Public Works Department,
28th April 1865.*

only promise explanation when in receipt of a revised estimate and comparative statement. The work must be completed this month at any cost; and I can only conjecture that the line of road on which it occurs being an entirely new one, and this the first large masonry work on it, the original rates were those of the Taluq generally, and inappropriate to a newly opened portion of it.

3. Mr. Bailey having reported that he could lay out Rupees 1,500 of the amount available, from the sanctions for work below Karkur Ghát, on the Mallia-vooram and Ponany Railway feeder, in addition to the grant of Rupees 9,730 made in G. O. No. 2,841 of 30th September 1864, (that line running through a healthy part of the country,) I have anticipated the orders of Government, in reliance on funds being available, and instructed him to push on with the latter work to the extent proposed.

No. 509. ORDER THEREON, 28th April 1865, No. 1,143.

ACCOUNT, No. 79.

1. With the letter above recorded the Superintending Engineer, 7th Division, submits Statements of the savings expected on the current year's allotments for certain works in the Coimbatore, Malabar, and South Canara Districts, and of the grants required for others, and requests sanction to the cancelment of G. O. No. 737 of 16th March 1865, authorizing the appropriation of Rupees 40,000 from the amount of private contributions to the Lawrence Asylum works.

2. The Governor in Council sanctions the following transfers of funds:—

4. The attention of the Superintending Engineer will be drawn to the following remarks :—

COIMBATORE.

No. 1 STATEMENT.

5. The allotment for the Chinna Nowkara bridge is entered as Rs. 5,110. Rupees 2,249 only (Rupees 1,925, in the Budget, and Rupees 324 from the Reserve) having been granted, the sum* proposed to be given up is not available.

* Rupees 900.

MALABAR.

6. Salt Gollah at Chowghat. The original allotment for this work is Rs. 2,000, and not Rupees 1,469, as entered in the Superintending Engineer's Statement. Deducting from the former of these sums Rupees 910 transferred to another work in G. O. No. 517, dated 23rd February 1865, the amount available for transfer is only Rupees 1,090.†

7. From the original allotment of Rupees 50,000 for the Tambracherry Ghát the Superintending Engineer should have deducted Rupees 2,237-2-4 transferred to the head "Stores and Plant" in the Orders marginally noted. The actual amount available for transfer is Rs. 10,263, and not Rupees 12,303 as shown in the Statement.

13th December 1864, No. 3,546.
20th March 1865, " 779
29th do " " 859

8. Rupees 7,500 are stated to be available from the allotment for the road from Sultan's Battery to the Mysore frontier. Of this amount, however, Rupees 2,499 have been transferred in Proceedings No. 1,090, dated 24th April 1865, leaving a balance of Rupees 5,001 only.

9. Purchase of Stores in India. The sum of Rupees 1,841 shown as available from the grant made under this head in G. O. No. 2,515, dated 31st August 1864, been appropriated in the Orders marginally noted.

G. O. No. 1,090, dated 24th April 1865.

SOUTH CANARA.

10. No portion of the allotment for the Caddamballa bridge is available for transfer as will be seen below :—

COIMBATORE.

No. 3 STATEMENT.

12. Moonsiff's Court House at Colleghal—Rupees 76 are applied for on account of this work. Rupees 73 having been granted in G. O. No. 1,019, dated 12th April 1865, no further provision will now be made.

13. The estimated cost of re-building the Privy attached to the Civil Dispensary at Ootacamund is Rupees 236 (*vide* G. O. No. 1,073, dated 15th April 1864), and not Rupees 263, as shown in the Superintending Engineer's Statement.

14. The amount sanctioned for the Coimbatore Jail is entered as Rs. 1,80,000. The correct sum is Rupees 1,80,800; *vide* G. O. No. 2,806, dated 21st November 1862. From the allotment of Rupees 60,000 for this work the Superintending Engineer should have deducted the amount (Rupees 541) appropriated in G. O. No. 692, dated 13th March 1865.

15. Rupees 330 are applied for, for a bridge of one arch over the surplus water channel on the Vangal road, the construction of which is reported to have been undertaken by the Range Officer without authority. The Government observe that no estimate for this work has yet been laid before them, and they request that Colonel Walker will expedite its submission, and report the name of the Officer who is responsible for the unauthorized expenditure.

16. The sum of Rupees 4,800 applied for, for the Travellers' Bungalow at Poothanoor, has been provided, and the Superintending Engineer will be requested to submit at an early date the plan and estimate called for in paragraph 2 of G. O. No. 789, dated 21st March 1865.

MALABAR.

17. Rupees 160 stated to be required for the construction of a "temporary shed for 70 extra Bullocks of the Commissariat Department" at Cannanore have been allotted, but the estimate should be submitted without delay for the sanction of Government.

18. Accommodation for the Currency Department, Calicut. The estimate for this work is entered as Rupees 2,000, instead of Rupees 2,760, which is the amount sanctioned in G. O. No. 430, dated 13th February 1865. The allotment is also incorrectly entered at Rupees 1,240, instead of Rupees 2,000, sanctioned in Proceedings No. 1,000, dated 12th April 1865.

19. Rupees 3,500 are applied for on account of stores for the Karkoor Ghát and earthwork above, on the estimate submitted with the Superintending Engineer's letter No. 312, dated 11th April 1865. Colonel Walker's attention will be drawn to the Proceedings of Government, No. 1,090, dated 24th April 1865, disposing of this estimate.

SOUTH CANARA.

20. Constructing Cabinhalla bridge. The full amount required for the completion of this work was granted in G. O. No. 1,941, dated 4th July 1864, but on the Superintending Engineer's application, the Government have allotted the further sum (Rupees 400) now applied for pending the submission of full explanation.

21. Opposite to certain works in Statement No. III, the remark "In addition to the estimate" is entered. The additional funds applied for are granted, but the Government expect to receive a full report from the Superintending Engineer of the causes which have led to the estimate, in each case, being exceeded.

Proceedings of the Madras Government, Public Works Department,
28th April 1865.

MALABAR.

No. 4 STATEMENT.

22. The allotment for repairs under "Military" is entered at Rupees 13,373. To this amount should be added Rupees 4,100 transferred in G. O. No. 3,226, dated 11th November 1864.

23. As recommended by Colonel Walker, the transfer of Rupees 40,000 from the amount of private contributions for the Lawrence Asylum works is cancelled, and the Accountant General will be requested to cancel all excess credit which may have been authorized for the 7th Division. The Controller will inform the Accountant General of the exact excess in each District.

24. The amount transferred from the allotments for other Districts to meet in full the demands of the Superintending Engineer, 7th Division, is Rupees 14,230, as follows:—

Madras.

Sir, Recent reports from Malabar have shown that considerable sums allotted for the communications connected with the Harbours and Canals will remain unexpended owing to the very feverish state of the Country below them; and other large sums allotted for the new Disarmament and Road from the Mysore frontier to Calicut Railway in consequence of the late period of the year at which they were authorized by which time all available labour in the Wynad had been taken up. I have therefore the honor to request that G. O. No. 737 of 16th March appropriating Rs. 40,000 Private Contributions to Lawrence Asylum, may be cancelled, and fresh orders passed on the accompanying detailed statements of which the following is a summary viz—

Cambitore

Total Not Requirements Rs. 75208

Ditto Not available 15260

Balance not requirements of the Division. Rupees 9948. for which I have no doubt provision can be made without trenching on the Private Contribution above alluded to.

2. Statement No. 5 for Canara requires explanation, which as regards Lieutenant Sargat's works at Mungurabad Ghant is afforded by the fact of Cholera having broken out, and the work having been prosecuted under the greatest difficulties only overcome by that Officer's energy. He had to raise wages to keep men together at all, and his Subordinate Executive Staff being greatly disabled the amount of work got out of

them in his own absence was but small. As for Mr. Tennant's demand for Rupees 1500 on account of the Wokatoor Bridge, I can only promise explanation when in receipt of a Revised Estimate and Comparative Statement. The work must be completed this month at any cost, and I can only conjecture that the line of Road on which it occurs being an entirely new one and thus the first large masonry work on it the original rates were those of the Subok generally and inappropriate to a newly opened portion of it.

3. Mr. Bailey having reported that he could lay out Rupees 1500 of the amount available from the sanction for work below Markur Ghant, on the Mallapooram and Porany Railway Feeder, in addition to the grant of Rupees 9730- made in G. O. No. 2841 of 30th September 1864, (that line running through a healthy part of the Country) I have anticipated the orders of Government, in reliance on funds being available, and instructed him to push on with the latter work to the extent proposed.

I have the honor to be,
