MILITARY DEPARTMENT,
PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter :—

From the Adjutant General, Head Quarters, Fort Saint George, 4th April 1865,
No. 3/28; to the Secretary to Government, Military Department.

I have the honor to bring to the notice of Government, that it appears very advisable to His Excellency the Commander-in-Chief, the Armstrong Guns and their Carriages about to be mounted on the works of Fort Saint George, should be protected with corrugated Iron or Zinc Sheds, such as are in use for Guns mounted on the works at Galle.

A suggestion to this effect was made to the Inspector General of Ordnance and Magazines; but Colonel Simpson, whilst expressing "his entire concurrence in the proposal, to have either Corrugated Iron or Zinc roofed Sheds erected" for the purpose mentioned, states that "the question however is one that appertains to the Department Public Works, this Department having no authority as touching the Ordnance under reference."

I have therefore the honor, by order of His Excellency, to request that the sanction of Government may be granted for the provision of Sheds, such as he has recommended by the Public Works Department, and that orders may be given for their construction.

ORDER, No. 1493, 24th April 1865.

Approved, and communicated to the Department Public Works.
