*Proceedings of the Madras Government, Public Works Department,
9th May 1865.*

No. 196. Read the following Endorsement of the Superintending Engineer, 4th Division, dated Madras, 26th April 1865, No. 6,684:—

Read the following letter from Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, to Lieutenant-Colonel F. H. SCOTT, Quarter Master General, dated Madras, 21st April 1865, No. 6,581.

SIR,

I have the honor to request you will be good enough to inform me whether it is still the intention of His Excellency the Commander-in-Chief to have the Artillery Barracks built over the present Bomb-proof Barracks in Fort Saint George; if so, I shall feel obliged by your obtaining the sanction of Government for me to prepare detailed plans and estimates for the work. The amount entered in the Budget of 1865-66, viz., Rupees 80,000 is only an approximate sum.

From Lieutenant-Colonel F. H. SCOTT, Quarter Master General, to the Officer Commanding Centre Division, dated Fort Saint George, 10th March 1865, No. 3,000.

SIR,

In reply to your letter, dated 12th January last, detained pending the return of head quarters to the Presidency, I have the honor, by order of His Excellency the Commander-in-Chief, to say that, notwithstanding the long continued efforts to quarter a second Garrison Battery in Fort Saint George, it is found to be impracticable owing to the recent extension of Barrack space to each Soldier and other reasons to effect that measure. Every scheme that has been suggested has some vital objection to it, so that the Commander-in-Chief thinks with you that until the Ordnance Establishment is removed to the Mount, rendering space available in the present Arsenal for the second Garrison Battery, it will be useless to moot the subject again.

No. 4,650.

True Copy forwarded to the Superintending Engineer, 4th Division, with reference to his letter, No. 6,581, dated 21st April 1865.
