No. 222. Read the following Proceedings of the Governor General of India in Council, Public Works Department (Account), dated Fort William, 11th April 1865, Circular No. 35:—

Mode of accounting for collections of water-rents from canals and other irrigation works, and for Public Works receipts realized in the Civil Department.

Read—

Extract from the Proceedings of the Government of India, in the Financial Department, No. 1,322, dated 16th March 1865.

RESOLUTION.—The above Resolution having established the rule that water-rents from irrigation works, and Public Works receipts of every kind realized by Civil Officers shall, from the 1st May 1865, be estimated for and adjusted in the accounts of the Public Works Department, the Governor General in Council requests that fresh estimates of Public Works revenue, comprising both that expected from these sources in 1865-66, and the revenue to be realized by Public Works Officers, may be submitted to the Government of India in this Department by the several Local Governments and Administrations, care being taken to note precisely such items as may have been included in the Budget Estimates* already sent up for the year 1865-66. The estimates now called for should be submitted as soon as possible. A sample form is attached.

* Whether Civil or Public Works.

2. As regard the Public Works revenue realized in the Civil Department, the assessment and control of the revenue from irrigation works rest with the Chief Engineer or other administrative head of the Department; the demands for water-rent and the like will continue to be notified by the Chief or Executive Officers of the Irrigation Department to the District Civil Officers, who will be responsible for their due realization; and the duty of carrying the realizations properly to account will devolve upon Controllers of Public Works Accounts. Definite rules on these points have been embodied in Section V. of Chapter XX. of the revised system of account, lately published in Standing Order No. 21 of 1865, and the Governor General in Council desires that they may be carefully observed throughout the several Local Governments and Administrations in dealing with this class of revenue.

ORDER.—Ordered, that a copy of the foregoing be forwarded to the Local Governments and Administrations specified in the margin, for information and guidance.

Also to the Financial Department for information.
