*Proceedings of the Madras Government, Public Works Department,
14th December 1864.*

Read the following papers :—

No. 261. From Captain A. S. MOBERLY, R. E., Superintending Engineer, 3rd Division, to Colonel C. A. ORR., R. E., Secretary to Government, Public Works Department, dated Cuddapah, 16th November 1864, No. 142.

SIR,

I have the honor to forward for sanction, the accompanying revised estimate and Comparative Statement for the Deputy Collector's Cutcherry at Paipully in the Kurnool District, with an original letter* from the Officer in charge of the Range, explaining the cause of excess.

Enclosures 2.

* To be returned.

2. I cannot at present say from what funds the extra sum of Rupees 350 now asked for may be met, but will let you know before the end of the official year, unless Government can meet it from other funds.

3. In the meantime, as it is very necessary to complete the building at an early date, I have authorized Major Flint to proceed with the work in anticipation of sanction.

From Major J. FLINT, Assistant Engineer in charge of Kurnool Range, to Lieutenant-Colonel E. HEMERY, R. E., Superintending Engineer, 3rd Division, dated Kurnool, 29th September 1864, No. 185.

SIR,

In forwarding a revised estimate for the Deputy Collector's Cutcherry at Paipully, I have the honor to inform you that only Rupees 30 per square, including wood-work, is allowed in the original estimate for roofing the building, and Rupees 25 for a sloping roof for the verandah; this amount is totally insufficient.

2. The estimate was framed two years ago when it was proposed to build the Cutcherry at Koilcoontla, where the wood could have been bought for 8 Annas per cubic foot. It will cost 2 Rupees per cubic foot at Paipully, as it has to be brought from Kurnool where it now costs Rupees 1-10-0 per foot, and has to be carried a distance of 50 miles.

3. I trust you will be able to obtain early sanction for this, as the Cutcherry is urgently required, and on obtaining sanction I should be able to complete it within two months.

The undersigned has the honor to request that the Superintending Engineer, 3rd Division, will be so good as to quote the Nos. and dates of the Orders sanctioning, 1st, the original estimate of Rupees 2,300 for a Deputy Collector's Cutcherry at Koilcoontla; and 2ndly, the construction of the Cutcherry at Paipully instead of at Koilcoontla.

CHEPAUK,
