*Proceedings of the Madras Government, Public Works Department,
11th May 1865.*

No. 230. Read the following Circular from the Assistant Secretary to the Government of India, Public Works Department (Military Works), to the Secretary to the Government of Madras, in the Public Works Department, dated Fort William, 13th April 1865, No. 36 :—

Copy of the following forwarded for information to the Local Governments and Administrations marginally noted, with reference to Public Works Department Circular No. 28 of 1865, dated 27th March 1865.

Governments of Madras, Bombay, Bengal, N. W. P., and Punjab.

Resident at Hyderabad.

No. 1,536, dated 29th March 1865.

From—COLONEL H. W. NORMAN, C. B., Secretary to Government of India, Mily. Dept.,
To—Quarter Master General.

1. In continuation of my letter No. 262, dated the 6th ultimo, I am directed to transmit for the information of His Excellency the Commander-in-Chief, 60 copies of a further communication from the Public Works Department, No. 327 M, dated 22nd March 1865, intimating that orders will be given to the Executive Engineers at once to send up, for the orders of Government in that Department, proposals for supplying the additional temporary accommodation which they may have ascertained, in concert with the Military Authorities on the spot, to be required, in order to give effect to the views of Government expressed in the previous Resolution.*

* No. 963M-5,906, dated 10th December 1864.

2. The Right Honorable the Governor General in Council feels sure that Commanding Officers will facilitate the inquiry to the utmost of their power, and freely communicate with the Executive Engineer on the subject; and, as the submission of the statement asked for in my letter of the 6th ultimo, may possibly be somewhat delayed, it appears to His Excellency in Council that, if the opinion of the Commanding Officer as to the sufficiency of the Executive Engineer's proposal to meet the requirements of the troops were briefly expressed, and attached to the application to be submitted to the Public Works Department by that Officer, it might facilitate the satisfactory disposal of each case, and render unnecessary a reference to His Excellency the Commander-in-Chief respecting stations in which the Military Authorities and Officers of the Public Works Department may agree as to what should be done.

3. Should His Excellency concur in this view, the fact that the Commanding Officer had concurred in the Executive Engineer's proposals (or as the case might be) might be noticed in the statement above referred to, which will then shew at once what has been done in the matter at each station.

No. 1,537.

Endorsed by Military Department.

Copy of the above forwarded to the Public Works Department for information, with reference to its No. 327 M, dated 22nd instant.*
