17TH APRIL 1889, No. 346, PUBLIC.

GOVERNMENT OF MADRAS.  
PUBLIC DEPARTMENT. 1311

READ—the following paper:—

From G. BIDIE, Esq., M.B., C.I.E., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 20th March 1889, No. 154.

I have the honor to forward, for the favorable consideration of Government, the accompanying plans and estimates, amounting to Rs. 65,450, for additions to the Lying-in Hospital, Madras.

2. I beg to observe, for the information of Government, that for clinical teaching it is most desirable to have some additional wards, such as those now proposed, for the reception and treatment of cases of female ailments requiring special treatment and operations. At present, the Superintendent, Lying-in Hospital, has a few wards in the Hospital for Women and Children for receiving such cases, but this arrangement has various disadvantages as regards students and otherwise. I therefore recommend that these wards be sanctioned in addition to those in the Hospital for Women and Children.

3. The proposed accommodation for male and female students on day and night duty at the hospital is also absolutely necessary.

4. As regards the block of building for matron's and nurses' quarters, I am of opinion that an entirely new building is not required, and that the existing buildings might be repaired and again made habitable at a moderate cost. At present the matron and nurses are accommodated in a wing of the hospital—an arrangement which is most inconvenient:

ORDER—dated 17th April 1889, No. 346, Public.

The Surgeon-General submits with the above letter an estimate, prepared by the Consulting Architect to Government, for additions to the Lying-in Hospital, Madras.

The estimate, which amounts in the aggregate to Rs. 65,450, consists of the following items:—

|                                                                                            | RS.    |
|--------------------------------------------------------------------------------------------|--------|
| 1. Matron's, Assistant Matron's and Nurses' quarters .. ..                                 | 20,227 |
| 2. Assistant Apothecary's and Students' quarters, covered passage and main staircase .. .. | 16,159 |
| 3. Additional wards .. ..                                                                  | 20,972 |
| 4. Linen and furniture store .. ..                                                         | 1,790  |
| 5. Medicine and lamp room .. ..                                                            | 1,281  |
| 6. Covered ways .. ..                                                                      | 2,743  |
| 7. Kitchen for Assistant Apothecary and Students .. ..                                     | 1,096  |
| 8. Water-supply, drainage and roads .. ..                                                  | 1,182  |

2. The Government consider that, for the present, it will be sufficient to sanction items (3), (4), (5) and (6), and so much of item (1) as is necessary to put the matron's quarters in good order.

3. The papers will be transferred to the Public Works Department for the necessary action.
