Office of the Executive Engineer
No 11 Periar Division
(Camp) Mattapara
28th Sept. 88

From

7/27/88 [335]

The Executive Engineer
No 11 Periar Division

To

The Superintending Engineer
Periar Project Works

Sir,

Since you wanted Mr Power when
you were here in August, he has done
about 8 days work on the 3rd Subant.
I sent for him at Perai; he sent word
he was ill. I waited a day and sent
him an order to go to Sholavandaw for
treatment, and if ordered by the
apothecary there, to proceed to Madurai
to do so. Since then, I have had no
report of where he was (except from
the office people) although he was
written to on the subject. I do not
know up to what date he is to get pay;
the last time he was at work was
30-8-88 and I would request the favor

Recd 1/20/89

By Mr. [Signature]
22.6.88

of his being exchanged for a more
healthy man, as up to date he has been
useless.

I enclose a certificate given him
for leave. you will observe the date is
the 24th instant and that Power I am
told, left Madras on the 23rd without
sending any report.

I have the honor to be
Sir

Your most Obedient
Servant

W. M. Taylor

No 280

Subject

Quater, Fort Pomer

Reports on - 4 foot water
Medical Certificate
sent by the medical officer
for the Quater.

84-2 P.R.
135

Forwarded to the Chief Engineer
P. W. D. for consideration and orders.

2 Mr. Pomer was appointed
by me last year as a surveyor with
the promise of a recommendation
for appointment as an overseer
if he showed himself worthy of
promotion.

3 His performance of ^{his} duties as
a Surveyor was by no means satisfactory
and it had been my intention to
discontinue with his services at the end
of the last season.

4 After my departure for England
he volunteered to remain above the
ghat during the hot weather and
although the manner in which he
performed the work entrusted to him
left much to be desired, Mr. Taylor
no doubt thought that something
was due to him for remaining in the
Punjab Valley at this time, and
recommended him for further trial

5 - 5 as

as an Engineer.

5. He suffered a good deal from fever contracted during his stay up here and was transferred to the II Division in July last.

6. Since that time he has hardly done a days real work and has habitually and constantly disregarded orders to report himself sick or go to work, and has conducted himself with pending verbal messages that he was unable to work.

7. I had to speak to him myself upon the subject early in August and to warn him that he must attend to orders or he would lose his employment.

8. Much indulgence was considered to be due to him on account of the fact of his illness having been in the first instance contracted while on duty connected with the Project but I have very little doubt that it has been aggravated and prolonged by his own conduct, and he has now in my opinion exhausted
the

the allowance which should be made for him. 1335

9. I therefore recommend that notice of the termination of his employment be given him and another subordinate appointed in his place.

10. The question of the amount of pay to be allowed to him requires settlement.

842

The first thing I noticed when I stepped
 out of the car was a warm blanket of
 sunlight. The air was crisp and clean,
 a stark contrast to the smoggy city I
 had just left. I took a deep breath, savoring
 the freedom of the open road. The car
 hummed softly beneath me, a familiar
 companion on my journey. I glanced at
 the clock; it was still early. The world
 was waking up, and I was ready to embrace
 it. The road ahead was a blur of green
 and gold, a promise of adventure and
 discovery. I smiled, knowing that this
 was the start of something new.

From
The Suply. Engineer,
II Circle

The Chief Engineer
P.W.D.

Dated 4th April 1889.

1898 H.S.

Mr. A. B. Power - Temporary
Overseer, Kistna Eastern Div.
Requesting to obtain sanction
of Government for the advance
of Rs 30 made by the Executive
Engineer of the Div. to - and
disallowed by Examiner P. W. D.

Referred

27/4. P.P. 27/4.

No. 735 P.R.

Office of the Suply Engineer
Periyar Project Works
Kodaikanal 3 May 89
D/5:

From
Colonel J. Pennington R.E.,
Superintending Engineer,
Periyar Project Works.
To
The Chief Engineer,
P.W. Department.

Sir,

Enclosure

With reference to your No 1898 C
of 13th ultimo (herewith returned) I have
the honor to state that in accordance
with your No 3888 C pay up to 23rd
13.10.88 September, 88 and one month's pay
in lieu of notice was claimed and
passed to our favor Mr. A B Power

2. The Executive Engineer to II Periyar
Division reports that the amount
in question was paid to the overseer
by the Executive Engineer, Kistna
Eastern Division and adjusted.

29 only

only in March last.

3. The sum passed is Rs 109-13-11,
just the amount stated by Mr. Pomer
to be due, and apparently nothing
else is due to him.

4. There seems to have been a good
deal of delay in making this payment
as the requisition was made by the
Executive Engineer to Mr. Periyar Swamy
on the Executive Engineer's certificate
on the 26th November 1888, and
allowing for the delay caused by
Mr. Pomer's transfer to the Kistna
it is not clear why the payment
should not have been made before
March.

Mr. Pomer was
dismissed
from Periyar.
some time
ago. I was
appointed
he was sent
direct to
Cuddalore.

I have the honor to be,

Sir,

your most obedient servant

Colonel R. S.

Supy Engr Periyar Swamy

The advance is sanctioned
 with reference to para 154A of the
 P.W. Code.
 2. The date of the advance
 is not disputed but it appears
 that Mr Power's full claim
 against the P.W. Division
 was discharged
 in March. It is presumed
 that the advance was
 recovered there.
