*Proceedings of the Madras Government, Public Works Department,
30th May 1865.*

No. 577. Read the following letter from Captam J MULLINS, R. E., Consulting Engineer for Irrigation and Canal Company, to Colonel C. A. ORR, R. E., Secretary to Government, Department of Public Works, dated Madras, 16th May 1865, No. 8.—

SIR,

1. I have the honor to forward, for the consideration of Government, a letter No. 322 of the 11th instant, from the Collector of Cuddapah, applying for sanction for the payment of Rupees 21-12-0 to the Clerk employed under the Deputy Collector engaged in transferring land to the Madras Irrigation and Canal Company, on account of travelling batta.

2. In the Budget for 1864-65 no provision on this special account was made, but, had application been made in time, the charge might have been debited to Contingencies, of which Rupees 6 only, out of Rupees 60 provided, were expended.

3. Now the charge will have to be debited against the amount, Rupees 60, entered in the Budget of 1865-66 for travelling batta to Gumastahs, and I would request the sanction of Government to this being done.

4. It is probable that the Budget grant for batta, and also for establishment, for 1865-66, will run short, owing to the non-adjustment of the charges of 1864-65 in that year, and as the bills for Deputy Collector's Establishments do not pass through this Office, perhaps the Government will think proper to instruct the Controller of Public Works Accounts to intimate to me when the provision for any such charge is nearly exhausted, in order that I may report what funds are available to meet the expenditure, and that thus the expenses of the year may be met out of the Budget grants of the year.

No. 578.

ORDER THEREON, 30th May 1865, No. 1,452

ESTABLISHMENT, No. 46.

* Rupees 60.

1. The Controller is authorized to pass the sum of Rupees 21-12-0 against the Budget provision* for travelling batta to the Gumastahs employed under the Deputy Collector of Cuddapah.

2. Colonel Fischer will be requested to furnish the Consulting Engineer, in due course, with information on the subject referred to in paragraph 4.
