No 584 ORDER THEREON, 30th May 1865, No. 1,455

ESTABLISHMENT, No. 48.

Referred to the Superintending Engineer, 8th Division, who will report on the claim preferred by the Public Staff Officer at Quilon Captain Moberly will state whether the repairs carried out to the public buildings at that station in 1864 were entrusted by him to the Military authorities It appears from the letter from the Deputy Quarter Master General, dated 13th December 1864, that one of the Overseers of the 8th Division was on three occasions sent to Quilon to attend to works required there If so it would seem that there should have been no difficulty in the repairs in question being carried out under the superintendence of the Public Works Department Captain Moberly will also inform the Government whether any repairs were carried out to the buildings at Quilon between 1858, (the last year in which the Staff Officer is represented to have received an allowance for superintendence,) and 1864, and if so, to whom the work was entrusted.
