Government of Madras.

Revenue DEPARTMENT.

G.O. No. 145	Press ~~Mis.~~
299-301	
Date: 30 - 1 - 1865.	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
30th January 1865.*

No. 299. Read the following papers:—
Memorandum from the Under Secretary to Government, Public Department, dated Fort Saint George, 16th December 1864, No. 661.

The undersigned has the honor to forward, to the Secretary to Government, Revenue Department, one Bi-monthly Return of Stores under provision for the Revenue Department by the Director General of Stores for India, dated 31st August 1864.

(Signed) C. G. WALKER,
Under Secretary to Government.

No. 300. From Lieutenant-Colonel F. J. B. PRIESTLEY, Superintendent of Revenue Survey, to J. D. SIM, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Chepauk, 16th December 1864, No. 1,036-36.

SIR,

1. In reply to G. O. 29th November 1864, I have the honor to report that the charge for the manufacture of the twelve Circumferentors sanctioned (Rupees 420), can be met in the Survey Budget under the head of "Instruments and their Repair" or failing that under "General Contingencies."

• Twelve.

Indented for..		23
Deduct..		8
Required..		15

2. Of the small number* of new pattern Circumferentors for which sanction has been accorded by Government, at most eight will be kept for trial in the Department, and to this extent a diminution in the number of Circumferentors indented for on England may be made.

3. I take this opportunity of noticing that Mr. Gompertz, 2nd Assistant Superintendent, during my late visit of inspection at Kurnool, submitted through Mr. Wright, Acting Deputy Superintendent, the drawing of a Circumferentor designed early in 1864, almost identical with that sent in by Captain Barber. The effort at improving Survey instruments by this gentleman evinces an interest in his work that is very creditable to him.

4. That a similar description of instrument should have been designed nearly at the same time by two Officers without intercommunication, one being at Palamcottah and the other at Kurnool, seems to furnish proof of its being adapted to the work of the Survey. For some time past, I have myself seen the want and was inclined to look to a Theodolite of inferior description and lower price, as the instrument suitable to our requirements. I am now, however, of opinion that the Circumferentor designed by Captain Barber, modified as proposed, will be preferable.

No. 301. ORDER THEREON, 30th January 1865, No. 145.

Miscellaneous.

1. Ordered that extracts, as noted below, from the Return received with the first of these papers, be furnished to the Departments concerned:—

Items Nos. 1 and 2 to the Board of Revenue, with reference to G. O. 10th December 1864, No. 2,238, and 28th October 1864, No. 1,996.
Item No. 1 to Mr. T. Determes, with reference to G. O. 10th December 1864, No. 2,238.
Item No. 3 to the Superintendent of Revenue Survey, with reference to G. O. 9th September 1864, No. 1,650.

2. Adverting to paragraph 2 of the second of the papers above recorded, the Secretary of State will be requested to cause the number of Circumferentors to be sent out on the Indent of 5th March 1864, to be reduced from 23 to 15.

(True Extract)

(Signed) A. J. ARBUTHNOT,
Chief Secretary.

To the Board of Revenue.

„ Mr. T. Determes
„ Superintendent of Revenue Survey.
„ the Civil Paymaster
„ the Accountant General,

} With reference to paragraph 1 of the letter of the Superintendent of Revenue Survey, dated 16th December 1864, No. 1,036-36.
