No. 89. Read the following letter from Lieutenant-Colonel G. V. WINSCOM, R. E., Superintending Engineer, 2nd Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Masulipatam, 12th May 1865, No: 12 :—

2. Some of the masonry works on these projects were in progress at the end of the official year, and if not continued, loss in the materials, &c., will ensue.

brought into use and render important revenue returns during the coming season. The importance of making irrigation channels from the Commamoor channel extension is also pressing.

4. It appears so necessary that some of the works alluded to should continue in progress, that I have, pending the sanction of Government, ordered them to be continued from the allotment* granted for the Doogooralla lock, which work may be discontinued during the current year. I therefore beg that this sum may be transferred as follows :—
