*Proceedings of the Madras Government, Public Works Department,
6th June 1865.*

No. 154. Read the following Proceedings of the Madras Government in the Revenue Department :—

Observing that orders will be passed in the Public Works Department relative to the payment of compensation, amounting to Rs. 3,664-3-1, for lands taken up for channels and embankments in the Kistna District. } (Here enter 29th May 1865, No. 1,126.)

No. 155. ORDER THEREON, 6th June 1865, No. 1,546.

CIVIL WORKS, No. 30.

1. Communicated to the Superintending Engineer, 2nd Division.

2. The sum of Rupees 3,664-3-1 (part of the additional grant of Rupees 2,53,121) referred to in paragraph 1 was specially allotted to meet demands for compensation for the lands alluded to in the Proceedings of the Board of Revenue, and it is presumed that, in pursuance of the orders contained in the Board's Telegram of the 21st ultimo, to the Collector of the Kistna District, the money was disbursed before the close of the past official year to the parties to whom it was due. The Superintending Engineer, 2nd Division, will however report upon this point, after communicating with the Collector, and in the event of the payment not having been made, he will explain the cause. No funds to meet this demand are available from the current year's Budget.

*Proceedings of the Madras Government, Revenue Department,
29th May 1865.*

No. 482. Read the following Proceedings of the Board of Revenue, dated 21st April 1865.

Read Board's Proceedings No. 7,767, dated 3rd December 1864.

Read also the following from the Collector of the Kistna District, dated 22nd February 1865:—

1. Ordered that the above papers be submitted for the consideration and Orders of Government.

2. It appears that Acres 282, Goontahs 16 of Inám land were taken up for channels and embankments in the Kistna District, between Fusly 1264 and Fusly 1272; but as the Inámdars concerned were, on survey of their lands, found to be in possession of 66 Acres and 37 Goontahs in excess of the quantity of land entered in their Title Deeds, this quantity of land has been deducted from that for which compensation is to be given, which is thus reduced to 215 Goontahs, 19 bearing an assessment of Rupees 243-7-6. The Collector has issued orders that Government waste land of the same extent and value should be given in exchange.

3. As regards compensation for the loss of produce in past years, no compensation is necessary in the case of Acres 8-7 of the above extent, bearing an assessment of Rupees 10-1-2, as the land had been waste for some years before it was taken up. For the remainder, Acres 207-12, bearing an assessment of Rupees 233-6-4, the compensation due is Rupees 1,050-10-5, of which, the Collector states, the Public Works Department have already paid Rupees 99-1-9, so that sanction is necessary for the payment of Rupees 951-8-8 only to the Inámdars concerned.

4. The Board doubt the propriety of the Collector's proceedings in deducting the whole of the excess land found in survey to be in possession of the Inámdars from the quantity of land for which compensation is to be given. The question therefore whether any additional compensation is to be given for this excess land will be considered an open one, and the Collector will report how previous similar cases have been disposed of. This need not, however, delay the disposal of the Collector's present proposals.

5. Besides the above extent of land, Acres 158, Goontahs 16 of Seri land have been appropriated in Zemindary villages belonging to the Estates of Nuzzid and Vulloor. Of this extent.

Acres. Goontahs.
35 39 were waste ;

122 17 were dry and Garden land.

Compensation for the dry land has been calculated at the rates adopted for the lands formerly reported on, and for which compensation was sanctioned by Government in Government Orders No. 521, dated 4th April 1860, and No. 2,061, dated 22nd September 1862. For the Acres 5-4 of garden land which were taken from the Vulloor Zemindar the assessment was fixed at Rupees 5-12-7 per Acre, being the average of the prevailing garden rates in the neighbouring Government Talooks.

6. The amount to be annually deducted from Fusly 1274, from the Peishcush of the proprietors of these two Estates, and the total compensation payable to them for the loss of produce in past years are as follows:—

	Annual remission from the Peishcush.	Number of years for which compen- sation is due.	Total compensation for past years.

Nuzzid	82 4 3	3	246 12 9

*Proceedings of the Madras Government, Revenue Department,
29th May 1865.*

7. The Collector states in paragraph 8 of his letter contained in the Board's Proceedings above recorded, that the remission of Peishcush, amounting to Rupees 1,543-13-7, sanctioned in Government Order No. 2,061, dated 22nd September 1862,

Nuzzid	1,047	14	11	on account of the Zemindaries noted in
Davaracontta	412	8	0	the margin,* took effect from Fusly 1272
Chevantra	41	0	9	instead of from Fusly 1271. No compen-
Royaveram	42	5	11	sation has therefore yet been paid for
	1,543	13	7	the latter year, as it was not included in
				the past years for which compensation <i>in</i>
				<i>arrears</i> was granted; under these circum-

stances the Board recommend that the Collector be authorized to make the payments shewn in the margin of this paragraph.

8. The Board approve of all the arrangements reported in the Collector's letter, and recommend that they be sanctioned.

9. The remission of Peishcush proposed amounts in the aggregate to Rupees 213-12-6, as shewn in paragraph 5 above, and should take effect from Fusly 1274.

10. The compensation for loss of produce in past years amounts in the aggregate to Rupees 3,664-3-1, viz. :—

To the Inamdar referred to in paragraph 3 above	Rs.	A.	P.
To the Zemindars referred to in paragraph 5 above	951	8	8
	1,168	12	10
	2,120	5	6
On account of the lands included in Collector's last report and referred to in paragraph 6 above	1,543	13	7
	3,664	3	1

11. The Board observe that, to meet the above charge, there is a sum of Rupees 3,664 available for the Kistna District *until the 30th instant*, out of the additional Budget grant of Rupees 2,53,121, referred to in Government Order No. 392, Public Works Department, dated 10th February 1865. The Collector will therefore be instructed by telegraph, in anticipation of the sanction of Government now applied for, to make the necessary arrangements for disbursing the compensation above recommended without delay.

12. Resolved accordingly, that the following telegram be despatched :—

" Disburse at once the compensation proposed in your letter No. 22 of 22nd February, from the provision alluded to."

No. 433. ORDER THEREON, 29th May 1865, No. 1,123.

Miscellaneous.

1. Orders will be passed in the Public Work Department regarding the payment of compensation amounting to Rupees 3,664-3-1, with reference to the Proceedings in that Department, dated 10th February 1865, No. 392.

2. Sanction is granted for the remission of the annual Peishcush of the proprietors of Nuzzid and Vulloor by Rupees 82-15-5 and Rupees 139-13-1 respectively.
