**Proceedings of the Madras Government, Public Works Department,
7th June 1865.**

No. 165. Read the following Endorsement of the Superintending Engineer,
5th Division, dated Bangalore, 22nd May 1865, No. 239:—
Read the following letter from Captain H. TULLOCH, R. E., Executive Engineer,
Bangalore, to Lieutenant-Colonel E. A. FOORD, R. E., Superintending
Engineer, 5th Division, dated Bangalore, 18th May 1865, No. 70.

SIR,

1. Hospital New Barracks, R. C.
2. 14 Married Men's Quarters for Artillery at R. C.
3. Canteen.
4. Alteration to Sapper Barracks.
5. Plunge bath do.
6. Privy for do.
7. Cook-room do.
8. Two Blocks of Married Quarters, R. C.
9. Cistern, R. C.
10. Improving verandah to Gun Shed.

1. I have the honor to report to you the death of T. Iyahasamy Pillay, the Contractor for the works noted in the margin, and to submit to you in rough (previous to the details being made out) an account between this Office and T. Iyahasamy Pillay. From this it would appear that his estate is indebted to Government to the amount of about Rupees 14,225.

2. I cannot at this early date inform you who is to blame for this state of things, but it is due to a large quantity of timber to the value of 18,197 Rupees having been advanced to T. Iyahasamy Pillay without any security having been taken from him. Out of 579 logs received by him, only about 200 can be produced at the Barracks and in his yard. It is therefore more than probable that the remaining portion of the timber has been used up. I have taken the precaution to write to the Judicial Commissioner of Mysore, and inform him that Government have a claim of upwards of 14,000 Rupees against T. Iyahasamy's estate, which, I understand is shortly to be administered to under his orders. I have moreover begged for instructions how to proceed in the matter.

3. What timber there is in the Contractor's yard and at his works I have already seized, but I doubt if the value of these materials will be more than about 5,000 Rupees. I should be glad of your opinion on the subject.
