*Proceedings of the Madras Government, Public Works Department,
8th June 1865.*

No. 316. Read the following letter from W. FRASER, Esq., C. E., Special Executive Engineer, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Camp at Kivalur, 27th May 1865, No. 4 :—

SIR,

1. I have the honor to inform you that a few days ago I succeeded in obtaining the services of a good Draughtsman : I have had none worthy of the name since December last.

I have gone through, with him, all the plans to be copied in connection with the Red Hill portion of the Madras Water Works, and he is of opinion that, with the help which my Office Establishment can give, it will take at least one month to complete one set.

2. I know that the Government are as desirous, as I am anxious, that the plans should be sent up speedily.

I have, therefore, the honor to request that you will be good enough to obtain sanction for a sum of 450 Rupees to enable me to get these plans off hand without further delay.

3. In this case I ask for a bulk sum, as I do not know the value of the services of those I shall be able to obtain.

I will get the best hands I can, and will report the arrangement I shall be enabled to make.

No. 317. ORDER THEREON, 8th June 1865, No. 1,577.

ESTABLISHMENT, No. 14.

The Government sanction the grant of Rupees 450 applied for in the foregoing letter. They observe that a special Draughtsman was sanctioned in the orders marginally noted* for the purpose of preparing the plans of the Madras Water Supply project, and they hope that, with the additional assistance now authorized, the whole of the plans connected with the scheme will be submitted at an early date.
