*Proceedings of the Madras Government, Public Works Department,
12th June 1865.*

No. 277. Read the following Office Memorandum from the Secretary to the Government of India, Public Works Department, (Establishment,) to the Secretary to the Government of Madras, Public Works Department, dated Simla, 17th May 1865, No. 899 E:—

1. With reference to Colonel Orr's letter No. 943, dated 6th April 1865, the undersigned has the honor to forward copy of a communication issued from this Department, to certain of the Local Governments and Administration, in which it is explained, that such cases as the Madras Government proposes to place in a separate class, "Miscellaneous," may be included under the head "Establishments," and it is requested that this course may be followed if not found inconvenient by the Government of Madras.

2. Should the Government of Madras, however, desire to have a more complete separation of such cases as are referred to, the main object of the Government of India would still be obtained by introducing a sub-head "Miscellaneous," under Establishment, but this course has not been followed by the Government of India in order to avoid the risk of confusion arising from there also being a sub-head "Miscellaneous," under "Civil Works."

3. It should be added, that the only branch in which sub-heads are adopted by the Government of India, is Civil Works, and these are as follows:—

(a) BUILDINGS.

including all works connected with Revenue, Post Office, Telegraph, General, Ecclesiastical, Educational, Industrial.

(b) AGRICULTURAL.

including all works of Irrigations, Tanks, Dykes, Drainage.

(c) COMMUNICATIONS.

including Roads, Bridges, Navigable Canals, River improvements, Accommodation for travellers.

(d) MISCELLANEOUS.

including Municipal work, Harbour improvements, Light-houses, Mines, Manufactures, and all works of a Miscellaneous nature which do not fall under the other sub-heads of this branch.

4. If the sub-heads as well as the larger classification adopted by the Government of India, can be used by the Government of Madras, the transaction of business would be further facilitated.

Secretary to the Government of India.

Office Memorandum from Colonel R. STRACHEY, R. E., Secretary to the Government of India, Public Works Department, (Establishment,) dated Fort William, 17th March 1865, No. 563 E to 568 E, to

The Chief Commissioner Central Provinces, No. 563 E.
The Secretary to the Government of Punjab, Public Works Department, No. 564 E.
The Chief Commissioner British Burmah, No. 565 E.
The Secretary to the Government of Bombay, Public Works Department, No. 566 E.
The Resident at Hyderabad, No. 567 E, and
Secretary to the Government, North West Provinces, Public Works Department, No. 568 E.

1. In carrying out the classification of correspondence under the headings indicated by the Government of India, in Circular No. 5 of 1864, which it is reported can be done without inconvenience, it is desirable, that the Abstracts (Volumes) of Proceedings under the several headings may, as hitherto, be submitted together, but in separate parts, in order that they may be placed on separate files in this Office, and the undersigned is desired to request that this may be done, if there is no objection to the plan.

2. It should be explained, that all Miscellaneous cases, not connected with Works or Accounts, are dealt with in the "Establishment" Branch of this Office. There is therefore no

room for a general heading "Miscellaneous," and that sub-heading under "Civil Works," is to include correspondence relating directly to works only. Cases connected with Forest and Railway Establishments, are dealt with in the Forest and Railway branches respectively.

Sir,

The Road from Arcot to Arney,
Enclosures. a ^{distance} length of 19 miles, has, with the exception
1 Estimate of bridges across the larger streams, been
1 Traffic Return now nearly brought to completion, Rupees
30,445-5-9 having been expended up to the
30th April 1865 out of the sum of Rupees
32,600 sanctioned by Government in their
Proceedings N^o 1617 dated 30th July 1860.
It is fully time to provide an annual
maintenance grant for this line of Road.
I have accordingly entered in the Income
Tax Budget for 1865/66 a sum of Rupees
200 per Mile or a total of Rupees 3800 for
which

which I have now the honor to submit
the usual detailed Estimate with traffic
Return, and I look to the early sanction
of the Income Tax grant to put me in
possession of the requisite funds for the main-
tenance of this important line
