SIR,

1. In continuation of the report for the quarter ending 31st January last, on the Reservoir Survey operations, I have the honor to state for the information of the Government that the Provisional Chief Engineer's report for February, March, and April contain very little information on this subject.

2. In the report for February it is mentioned that Mr. Bradbury, who had been employed on this duty, had been obliged to go to the coast on sick leave, and in that for March Mr. Latham says, "no plans have reached Bellary from the Reservoir Survey, but three sites are reported completely surveyed."

3. The April report does not mention this survey.

4. I have received no communication from the Agent on the subject referred to in the order of Government above quoted.

No. 298. ORDER THEREON, 12th June 1865, No. 1,617.
