*Proceedings of the Madras Government, Public Works Department,
13th June 1865.*

No. 328. Read the following letter from Captain A. S. MOBERLY, R. E.,
Superintending Engineer, 3rd Division, to Colonel C. A. ORR, R. E.,
Secretary to Government, Public Works Department, dated Bellary, 3rd
June 1865, No. 32 :—

SIR,
1. I have the honor to bring to your notice that the allowance of Rupees 15,200
for repairs to the Toongabuddra channels, during the current year, will be quite in-
sufficient, as I have received estimates as
per margin for repairing the different
anicuts across the Toongabuddra, amount-
ing altogether to Rupees 32,188: the
annual grant of Rupees 15,200 will be
required for the usual clearing of the
channels, and I, therefore, request that
Government will grant this extra amount
for repairing the anicuts from the
Reserve Fund:

2. I propose starting next week on my tour of inspection of the Toonga-
buddra channels and anicuts, and will then submit a full report, but in the mean-
time, I think, that Government should be informed of the extra amount that is likely
to be required during this year.

No. 329. ORDER THEREON, 13th June 1865, No. 1,632.

ACCOUNT, No. 57.

1. The Superintending Engineer, 3rd Division,
should be aware that the Reserve is not available for
appropriation to *Repairs*.

2. The amount allotted in the current year's Budget for Repairs in the Bellary
District is Rupees 1,68,080, being Ru-
pees 1,25,223, as per Superintending Engi-
neer's Administration Report. nees 42,857 in excess of the actual
outlay* under that head during the past
official year, and considerably above the allotment and expenditure of the two
preceding years as shown below :—

	Allotment.	Expenditure.
	RS.	RS.
1862-63	1,26,036	1,11,041
1863-64	1,08,355	1,00,094

3. The Government believe that Captain Moberly will find little difficulty in
providing the funds required for the repair of the several anicuts across the Toonga-
buddra. Under any circumstances, the works should be proceeded with as soon as
the state of the river will permit, and the Superintending Engineer will report from
what particular allotments the funds can be transferred. Should Captain Moberly,
after full consideration of the subject report that he is unable to provide the amount
required, the Government will endeavour, later in the year, to adjust the expendi-
ture that may be incurred under these orders by transfers from other Districts.

The Secretary to Government
Public Works Department

Sir,

I have the honor to bring to your notice that the allowance of Rupees 15,200 for repairs to the Soongabuddra Channels during the current year will be quite insufficient as I have received estimates as per margin for repairing the dif-

Malabapur Amicat - Rs. 1,132
Boragul Amicat of Basa - 5,610
swana Calwa - 2,094
Bella Calwa Amicat - 1,475
