Dated 31-1-1861.

Not to be folded or roughly handled

No. 340. Read the following letter from Captain R. H. BEDDOME, Officiating Conservator of Forests, to J. D. SIM, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Madras, 10th January 1865, No. 1,177 :—

SIR,

* To be returned.

1 Letter No. 1,251 of 1864, from the Collector of North Canara, with its accompaniments.
1 Do. from the Deputy Auditor and Accountant General, No. 2,325, dated 17th September 1864.

1. In herewith forwarding in original the correspondence* marginally noted, relative to the accounts of the North Canara Forests, which were transferred on 15th April 1862 to the Bombay Government, I have the honor to request that as no reply seems to have been received from them to the letter from the Madras Government, dated 9th July 1862, No. 1,500, you will be good enough to bring the subject again under the notice of the Governor in Council, in view to a final adjustment of the accounts adverted to in the Departmental books of this Presidency.

2. In the Annual Report of the Forest Department for 1861-62, Major Morgan, the then Officiating Conservator, entered a sum of Rupees 4,90,147, as the financial results of the North Canara Forests for that year ; but this included the estimated value of timber on hand at its close, while the actual amount carried to the credit of Forest Revenue was only Rupees 83,298-2-11, as noticed in the Board's Proceedings recorded in G. O. dated 4th August 1863, No. 1,445.

3. From the Statement No. II, however, furnished by Mr. Muller, the Assistant Conservator, it will be seen that Rupees 3,84,787-13-9, inclusive of out-standings, have been since realized from the sale of the timber in store on the date of the transfer of the forests to the Bombay Presidency, and it appears to me desirable that early measures should be taken to have this amount credited, if possible, in the accounts of our Forest Department before the end of the current official year.

No. 341. ORDER THEREON, 31st January 1865, No. 166.

Forests, No. 1.

Copy of this letter and of its enclosures will be forwarded to the Government of Bombay, and their attention drawn to the letter from this Department, dated 9th July 1862, No. 1,500.

No. 167.

No. 342.
From

A. J. ARBUTHNOT, Esq.,
Chief Secretary to the Government of Fort Saint George,

To

The Secretary to the Government of Bombay.

SIR,

Forests, No. 18.

In forwarding copy of the accompanying letter* from the Officiating Conservator of Forests and of its enclosures, relative to the accounts of the North Canara Forests, I am directed to request that you will draw the attention of your Government to my letter on the subject, dated 9th July 1862, No. 1,500, in view to the transmission of an early reply thereto, and to a final adjustment of the accounts in question in the books of this Presidency.

* Dated 10th January 1865, with copies of the enclosures.

I have the honor to be,
Sir,
Your most obedient servant,

of North Canara on the 12th December 1862, as
well as by the Canarese statement /marked D/
furnished by the Sircy Manufacturer of the sales
effected by him /Copy of which is herewith for-
warded for your information/ I have the
honor to request that you will be good enough
to inform me whether any timber brought in
store after the transfer of the District is in-
cluded in the aforesaid statements
/marked A and B/ and if so please make the
necessary corrections in those statements
and return the same to me with your obser-
vations thereon, if any at your earliest
convenience, to enable me to complete the

To

The Deputy Collector,
in charge of Treasury.

Sir,

With reference to your letter No 953 and its enclosures I have the honor to inform you, that I do not see how a supplemental Account Current could now be drawn up for the Madras Authorities, as under any circumstances it would only be approximate. The timber sold last year, it is true, was for the most part in store at the time of the transfer of the District and the expenditure in collecting it having been defrayed by Madras, the proceeds of the sales should be credited to them.

2. At the last sales most of that timber has been disposed of. At Kesroly 1,688 candies of Teak belonged to Bombay, at Nalliat there is still a balance of 540 candies Teak in store, as some timber had been reserved. When submitting my final accounts to Madras I brought forward Sundry Wood, consisting chiefly of clearings and other Sundries to the value of Pa. 12,084. Of this only for Pa. 3932 was disposed of, the

rest

best not having been fully collected was reserved. On account of this wood both the Madras and Bombay Accounts show Expenditures and Recoveries made on this account how much should be borne by each Department —

3. Having seen last year that such difficulties would arise, I proposed as the simplest plan, that the Bombay Forest Department should take over all the timber in store, at a valuation, and for this purpose I submitted a bill, (copy of which I herewith enclose) according to which the Madras Department should have been credited for the sum of Rs. 3,37,992. In this sum the old outstandings are also included. The difference between the estimated value and that subsequently realized, should, whether that would be more or less, come in the Bombay Accounts.

4. Since then the timber has been sold, and the real value can now, if required be put down, although even this would not be exact, as still some Madras timber is in store now. However according the value of the balance of the logs at Hallial, and (as approximately correct bill can be submitted) of the small wood still uncollected, and I herewith enclose one by which it will be seen that at an average the timber sold, fetched a higher price than that estimated by me last year, and this chiefly under the head of Sunglewood, the estimated value of which was Rs. 95,022-11- and fetched Rs. 1,62,329. Under that however the estimated exceeds that of the realization by Rs. 14,875.—

5 Instead of making a separate Account Current I would still propose to settle the accounts by a simple transfer bill, and either the one submitted last year, or the one now drawn up, could be taken. According to the former, Madras is to be credited with the sum of Rs. 3,37,992- by and according to the latter with Rs. 3,84,757-13-9. If last year's bill be taken, the difference between the estimated and real value of the timber (Rs. 46,795-4-9) would be in favor of Bombay.—
