No. 402. Read the following letter from Colonel A. J. M. BOILEAU, R. E.,
Superintending Engineer, 4th Division, to Colonel C. A. ORR, R. E.,
Secretary to Government, Public Works Department, dated Madras, 1st
June 1865, No. 454:—

SIR,

1. With reference to paragraph 22, G. O. No. 361, dated 7th February 1865,
Two Statements. I have the honor to submit a Statement
showing the actual outlay incurred on
each work for which provision is made in the Budget of 1865-66, in which a saving
of Rupees 7,623 is shown as properly available for transfer to other Budget works,
but I would recommend that the sum of Rupees 5,793 be retained to meet the cost
of certain additions which will be required to the Presidency Store and Workshop,
leaving the remaining Rupees 1,830 to aid in affording us the extra allotments
shown by another Statement, now forwarded, to be required.
2. That Statement exhibits the amended estimate for expenditure in 1865-66
on Budget works, from which it will be observed that a sum of Rupees 25,036, viz.,
Rupees 16,677 under the head 'Military,' and Rupees 8,359 under the head 'Civil
Buildings' is required in excess of the Budget allotment.
3. Deducting, however, Rupees 1,830 as above from the item Rupees 8,359,
Civil Buildings, leaves (still Rupees 16,677 under the head Military and) Rs. 6,529
under the head Civil Buildings.
4. The item Rupees 16,677 may, perhaps, be met from the sum of Rs. 80,000
set free under the Orders of Government No. 1,262, dated 9th May 1865, for appro-
priation to other Military works, and a special grant is solicited from the Reserve
'Civil Building' to meet the excess Rupees 6,529, i.e., Rupees 1,133 for raising the
platform, &c., Salt Cotaurs, Rupees 5,396 for General Hospital.

Amended estimate for expenditure in 1865-66 on Budget works deduced from actual expenditure up to 30th April 1865, instead of from computed expenditure.
