MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers :—

Memorandum from the Quarter Master General, Fort Saint George, 1st June 1865, No. 5969; to the Secretary to Government, Military Department.

Forwarded to Government, with reference to Proceedings of Government, Public Works Department, No. 1370, dated 19th instant, and Military Department, No. 1944, dated 26th idem. The Commander-in-Chief begs that funds be made available at Wellington also for the provision of Duff's Cooking ranges.

From the Officer Commanding Southern Division, Head Quarters, Trichinopoly, 24th May 1865, No. 127; to the Quarter Master General, Fort Saint George.

I have the honor to acknowledge receipt of your letter, dated 27th ultimo, number and subject

No. 4792.

Asking to be informed what progress is made in the work of supplying Wellington with Duff's Cooking ranges.

as per margin, and in reply to forward, for the information of His Excellency the Commander-in-Chief, copy of a letter, dated 18th instant, No. 19, from the Superintending Engineer, 7th Division, reporting that, for reasons stated by him,

no progress has been made in the work of supplying the Wellington Barracks with Duff's Cooking Ranges.

From the Superintending Engineer, 7th Division, Coonoor, 18th May 1865, No. 19; to the Deputy Assistant Quarter Master General, Southern Division.

I have the honor to report, with reference to the copy of letter forwarded with your docket, No. 406 of 29th April, that no progress has been made in the work of providing Wellington Barracks with Duff's Cooking Ranges. G. O. (in the Public Works Department) No. 3322 of 19th November 1864, merely ordered that such as were sanctioned should be made up in the Mint, but it does not appear that any funds were available for the purpose in 1864-65; and an entry of Rupees 10,000 in my Budget List of 1865-66, intended to provide for this and other improvements suggested at Wellington, has not been passed.

2. We are informed by the Mint Master that the probable cost of a Stove, for 150 men will be Rupees 332; but if two per Company are allowed at Wellington, as proposed by His Excellency the Commander-in-Chief, much smaller articles will suffice. There is a difficulty about the fitting of the Stoves, which takes time that cannot well be afforded at the Mint, and may not be possible up country without skilled labour, nor do we know the weight of a Stove, or consequently its probable cost of carriage.

3. Major Farewell however proposes to visit Madras on leave next week, and I have instructed him to take advantage of the opportunity to make himself acquainted with all the details of the subject, so that on his return early in June, he may be able to supply me with such an estimate of probable cost, as I can submit for approval at Army Head Quarters, and for the sanction of Government.

ORDER, No. 2165, 9th June 1865.

Government will await the Report promised in paragraph 3 of the Superintending Engineer's letter, No. 19, dated 18th May 1865.
