*Proceedings of the Madras Government, Financial Department,
6th June 1865.*

No. 14. Read the following Extract from the Proceedings of the Government of India in the Financial Department, Simla, under date the 18th May 1865, No. 215.

Resolution.—The Honorable Sir C. E. Trevelyan, in his Financial Statement, dated the 1st April 1865, remarked, in reference to the Civil expenditure for Public Works for the year 1865-66, that "the practice of making additional grants is to be discontinued, except in extraordinary circumstances of a really extraordinary nature, and that all urgent wants not provided for in the Budget Estimate will, therefore, have to be met by re-appropriation from other works which can be postponed."

2. The Governor General in Council considers that the rule laid down by Sir Charles Trevelyan is applicable to all Departments, and that it should become the rule for the expenditure of the ensuing year. The Heads of Local Governments and Administrations who are responsible for the careful construction of their estimates will, therefore, discourage applications from officers subordinate to them for additional grants for the course of the year. The sums assigned under the different heads of services will, however, be liable to variation at the discretion of the Local Government, provided the total amount allotted to each Government is not exceeded, and the alterations proposed are specially reported to, and confirmed by, this Department.

3. The Governor General in Council trusts that these orders will be duly appreciated and acted upon by the Local Governments, as the object of the Budget system is defeated when supplementary estimates are brought forward, without special and unforeseen emergencies.

Ordered that a copy of the foregoing Resolution be sent to all Local Governments and Administrations, and to all Offices of Account and Audit.

(True Extract).
