*Proceedings of the Madras Government, Public Works Department,
17th June 1865.*

No. 448. Read the following letter from D. MACPHERSON, Esq., M. D.,
Inspector General of Hospitals, Officiating President Sanitary Commission,
to Colonel C. A. ORR, R. E., Secretary to Government, Public Works
Department, dated Madras, 9th June 1865, No. 102:—

SIR,

1. With reference to Honorable Mr. Ellis' letter No. 13, dated 5th ultimo,
forwarding 32 copies of the Dry Earth pamphlet for distribution in your Department,
I have the honor to state that there is an inaccuracy in the drawing of the Native
Latrine accompanying the pamphlet, which it seems desirable to correct.

2. The earth pits are there shown square at the orifice and at the bottom.
This is objectionable as it renders the cleaning of them difficult if not impossible.

3. In correction of this error a revised plan is attached, showing the proper
dimensions and shape of those essential parts of the building.

4. May I request that you will kindly distribute the accompanying 32 copies
of the revised plan so that they may be attached to the pamphlet.
