*Proceedings of the Madras Government, Public Works Department,
19th June 1865.*

No. 466. Read the following Proceedings of the Board of Revenue, dated 15th May 1865:—

1. With reference to the Official Memorandum from the Secretary to Government, Public Works Department, dated 3rd February 1865, No. 20, the Board resolve to submit to Government a revised Budget Estimate of charges proposed to be incurred from the District Road Fund during the official year 1865-66, prepared according to the forms furnished by Government. In this Budget, which contains Nos. II. and III. with an Appendix to No. III., according to the new forms, the several works proposed to be undertaken in the Districts both by the Revenue authorities and the Officers of the Public Works Department are shown separately, the necessary columns being opened for that purpose.

2. From the abstract which accompanies these Proceedings, it will be observed that the amount of the balance expected to be found at credit at the beginning of the present official year is Rupees 1,38,857 against 1,27,383, entered in the similar abstract submitted with the original Budget. This increase is owing to the additions

in the Budgets of the Districts noted in the margin, of the sums rendered available by the reduction in the per-centage charge on account of Public Works supervision for 1864-65, as the works proposed to be executed by the Collectors out of these sums have been included in the revised Budget now submitted. The

amount available from the same cause in the remaining Districts is not, however, brought to account, as the works proposed to be executed were sanctioned before the close of the past official year. The total amount, therefore, now available for expenditure inclusive of the expected receipts in 1865-66 is Rupees 6,32,534.

3. The expenditure proposed for the year amounts to Rupees 5,89,929 as shown below:—

leaving an expected balance of Rupees 42,605 at the close of the year.

4. In the revised estimates now received the Collector of Salem has made no provision on account of the Reserve Fund, but proposes to expend a sum of Rupees 40,590 on original works and repairs.

As it is necessary that 10 per cent. of the estimated receipts should be reserved in each District to meet the cost of any emergent works, the repairs noted in the margin have been struck out from the Collector's Budget of repairs to make due provision for this purpose.

5. The Board regret the delay that has taken place in the submission of the revised Budget. It was, however, unavoidable, as the Budget estimate from the Salem District was received on the 1st instant only.

6. The Board request that they may be furnished with the necessary number of copies for their own use, and for circulation to Collectors when the Budget is printed.

(Signed) C. G. MASTER,
Acting Sub-Secretary.

No. 467. ORDER THEREON, 19th June 1865, No. 1,700.

1. With their Proceedings above recorded the Board of Revenue submit the Local (District Road) Fund Budget for the year 1865-66.

2. The expenditure proposed amounts to Rupees 5,89,929 apportioned between the Revenue and Public Works Departments as shown below :—

* Rupees 6,32,534.

* Rupees 6,32,534.

3. Deducting the estimated expenditure from the expected collections* there will be a balance of Rupees 42,605 at the close of the year.

4. Care should be taken that the necessary plans and estimates are submitted for all such works as require, but have not yet received the formal sanction of Government.

5. The estimated cost of the road from Neelapully to Coringa is entered as Rupees 6,000. It will be observed from Godavery District. G. O. No. 2,280, dated 19th December 1864, Revenue Department, that the correct amount is Rupees 7,510. The necessary correction has been made by this Office.

6. The Government observe that the computed expenditure up to the 30th April 1865, upon some of the works entered in the South Canara Budget, added to the allotment proposed for the current official year, exceeds the sanctioned estimates. In all these cases, supplemental estimates should be submitted for the orders of Government.

+ Rs. 6,32,534 -

Deducting the estimated
expenditure from the expected
collections there will be a
balance

balance of Rupees 42,605 at the close of the year.

Care should be taken that the necessary plans and estimates are submitted for all such works as require, but have not yet received the formal sanction of Government.

The estimated cost of the road from Nelapaly to Coringa is entered as Rupees 6000. It will be observed from G.O. N^o 2280, d/19th December 1864, R.D., that the correct amount is Rupees 7510. The necessary correction has been made by this Office.

Godavari District.

The Government observe that the computed expenditure up to the 30th April/65 upon some of the works entered in the South Canara Budget added to the allotment proposed for the current official year exceeds the sanctioned estimates. In all these cases, supplemental estimates should be

be submitted for the orders of Government.
