Q/ab

**Proceedings of the Madras Government, Public Works Department,
20th June 1865.**

No. 480. Read the following letter from Captain A. S. MOBERLY, R. E.,
Superintending Engineer, 3rd Division, to Colonel C. A. ORR, R. E.,
Secretary to Government, Public Works Department, dated Bellary, 2nd
June 1865, No. 31 :—

Sir,

1. As it appears to me that the only objection of Government to my proposal for making certain changes in the Ranges in the Cuddapah District is on account of the sub-division of Taluqs, that I had suggested, I now have the honor to submit a fresh proposal, which is merely a transfer of Taluqs.
2. The Badwail Taluq is at present attached to the Cuddapah Range, and to get to it, the easiest and quickest way is to pass close by Nundialampett, the head quarters of the Poddatur Range, and which is only (4) four miles from the boundary of the Badwail Taluq.
3. Again, the Pulivendla Taluq is at present attached to the Poddatur Range, and to get to it you must pass through the Cuddaph Taluq, either by Cuddapah or Camalapur, and I therefore propose that the Badwail Taluq be transferred to the Poddatur Range, and the Pulivendla Taluq to the Cuddapah Range.
4. I would also request sanction to transfer the Sidhout Taluq from the Cuddapah to the Pullampett Range, and the Royachoti Taluq from the Pullampett to the Cuddapah Range, as the only communication between the Pullampett and Royachoti Taluqs is via the "Sonepoy" Ghaut, which during the rains is interrupted by the Cheyair river.
5. I enclose plans of the existing and proposed Ranges with a Statement of the areas.

No. 481. ORDER THEREON, 20 June 1865, No. 1,707.

ESTABLISHMENT, No. 40.

No. 1,341, dated 17th May 1865.

1. With reference to the orders of Government marginally noted the Superintending Engineer of the 3rd Division, submits a revised scheme for the re-distribution of the Ranges of the Cuddapah District.

2. The proposed arrangement is a decided improvement on that previously recommended by Captain Moberly, as it involves no division of Taluqs. The Governor in Council accordingly sanctions the following arrangement of the eleven Taluqs of the Cuddaph District into four Ranges :—

No.	Name of Range.	Names of Taluqs comprising each Range.	Area of Range in square miles.
I.	Poddatur	Badwail, Poddatur, and Jamalmadgu	1,744
II.	Cuddapah	Pulivendla, Cuddapah, and Royachoti	2,487
III.	Pullampett	Pullampett and Sidhout	1,540
IV.	Madanapalli	Madanapalli, Kadri, and Kalkadda	2,537

3. The Range maps forwarded with the letter above recorded will be retained in the Government Office for reference.

Superintending Engineer's office
Bellary 2nd June 1865

From

Captain A. S. Moberly R.E.

Superintending Engineer 3rd Div.

To

The Secretary to Government
P. W. D.

Sir

N^o 1341 of 17th May/65

As it appears to me that the only ob-
jection of Government to my proposal for making
certain changes in the Ranges in the Cuddapah
District, is on account of the Sub-division of
Talugs, that I had suggested, I now have the honor
to submit a fresh proposal, which is merely a
transfer of Talugs.

The Budwaril Talug is at present attached to
the Cuddapah Range, and to get to it, the easiest
and quickest way is to pass close by Pullampett,
the Head Quarters of the Podatur Range
and which is only $\frac{1}{4}$ four miles from the boundary
of the Budwaril Talug.

Again the Pulivendla Talug is at present attached
to the Podatur Range, and to get to it you
must pass through the Cuddapah Talug, either
by Cuddapah or Comalapur, and I therefore pro-
pose that the Budwaril Talug be transferred to
the Podatur Range, and the Pulivendla Talug
to the Cuddapah Range.

I would also request sanction to transfer the
Siddhant Talug from the Cuddapah to the Pullam-
pett Range; and the Rajachoti Talug from the
Pullampett to the Cuddapah Range as the only
communications between the Pullampett & Rajachoti
Talugs is via the "Sourpoy" Ghant, which during the
rains is interrupted by the Cheyair River.

No 1707
Proceedings of the Madras Government
Under date the 20th June 1865
Read the following

From the Superintending Engineer
3rd Div

Proposing certain alterations in the Ranges of (Hore enter 2^d June 1865)
the Cuddalore District. No 31

N^o 1341 9/17 May/65

With reference to the orders of Government bearing dated the Superintending Engineer of the 3rd Division submitted a revised scheme for the redistribution of the Ranges of the Cuddalore District.

The proposed arrangement is a decided improvement on that previously recommended by Captain Moberly, as it involves

2007/65

Transo June/18 1865

involves no division of
Talooks. The Governor in
Council accordingly sanctions
the following arrangement
of the eleven Talooks of
the Cuddalore District into
four Ranges -

No	Name of Range	Names of Talooks comprising each Range -	Area of Range in Square Miles
I	Poddatur	Baskinail, Poddatur and Samalwudzie -	1.744
II	Cuddalore	Pilivudla, Cuddalore and Royachoti -	2.487
III	Pullampett	Pullampett & Sidhant	1.540
IV	Madanapalle	Madanapalle, Kadai, and Kalkadda -	2.537

The Range Maps for
= forwarded with the letter
above recorded will be
retained in the govern-
= ment Office for reference
