Proceedings of the Madras Government, Public Works Department, *20th June* 1865.

No. 484. Read the following letter from Captain R. F. OAKES, R. E., Superintending Engineer, 6th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Cadambaddy, 3rd June 1865, No. 253 :—

SIR,

1. I have the honor to inform you that no provision was made either in the original or in the revised estimate for the Artillery family quarters at Trichinopoly, for a door in the wall which divides the two rooms of which a family quarter consists. A doorway was provided but no door, as Captain Palmer could not provide for the doors* without exceeding the limit of expense to which he was confined.

Enclosure 1.

Rupees 16,800, sanctioned in G. O. No. 1,090, dated 16th April 1864.

* 26.

2. There will be no saving upon the estimate, and I had intended to have provided the doors under the sanction accorded in the Order noted marginally, as the estimate for the doors is Rs. 600 or within 5 per cent. of the original sanction for the family quarters, but the Major General Commanding the Southern Division in returning the estimate with his countersignature intimated that he was not empowered to sanction expenditure on new works by the order adverted to above, and I find I cannot spare Rupees 600 from any other new work to cover the cost of the doors.

Chapter XXIV., paragraph 1, Clause VIII, Public Works Code.

3. I therefore submit the original estimate (though on Goă paper) for the sanction of Government, with a request that Rupees 600 may be provided for the work from the Reserve Fund.

No. 485. ORDER THEREON, 20th June 1865, No. 1,709.

MILITARY WORKS, No. 34.

1. The Superintending Engineer, 6th Division, is competent, under Clause 8, paragraph 1, Chapter XXIV. of the Code, to sanction the work provided for in the estimate† submitted with this letter, application being made to Government for the additional funds required.

† Rupees 600.

2. The estimate for the family quarters amounts to Rupees 16,800, of which Rupees 12,626 were expended up to 30th April last, leaving a balance of Rs. 4,174. The sum provided for the work in the current year's Budget is Rupees 3,800, and the difference, viz., Rupees 374, was allotted in Proceedings No. 1,613, dated the 12th instant. Authority is now granted for the amount* of the estimate referred to in paragraph 1 of these Proceedings being placed at the Superintending Engineer's disposal from the Reserve under "Military."

* Rupees 600.
