*Proceedings of the Madras Government, Revenue Department,
31st January 1865.*

Read the following :—

No. 359. Read the following Proceedings of the Board of Revenue dated, 5th January 1865.

1. With reference to the Proceedings of Government, dated 4th March 1864, No. 392, the Board resolve to submit the Budget of estimated receipts and charges on account of the Local Funds noted in the margin, for the Madras Presidency for the ensuing official year 1865-66. The Godavery District is not included in them as the Collector has not yet sent in his Budget. When received it will be separately submitted.

2. Part I. exhibits the particulars of the proposed expenditure on original works out of the District Road Fund. In paragraph 6 of the Proceedings of Government, Public Works Department, dated 20th October 1864, it was desired that the Local Fund Budget should be submitted in the amended form, in which the Public Works Budget for 1864-65 was re-cast by the Government of India; this form has accordingly been adopted in submitting the present Budget.

3. Enclosure No. 2 is the Abstract Statement, shewing the estimated receipts and charges for the District Road Fund. The cost of establishment to be made over to the Public Works Department has been calculated on the expenditure proposed to be incurred through their agency. The column "Other Items" in the statement contains the amount of Reserve at 10 per cent. on the expected income, cost of extra Establishments, and other Miscellaneous items of charges. It appears from paragraph 2 of the Order of Government, dated 6th January 1865, No. 25, Public Works Department, that the expenditure from Local Funds, which is to be controlled by Public Works Officers, should be shewn in detail, but this cannot be done now, as the Collectors' Budgets shew only in lump the proportion to be spent by the Public Works agency, out of the whole expenditure proposed on original works and repairs. The information required in the Order cannot therefore be furnished without a reference to Collectors. The following Abstract shews the entire expenditure proposed to be incurred in 1865-66, on account of original works and repairs, and the amount expected to be spent out of it by the Agency of the Public Works Department:—

DISTRICTS.	Entire expenditure proposed to be incurred on account of original works and repairs	Amount expected to be spent by the agency of the Public Works Department.	DISTRICTS. 4. The total available receipts for 1865-66, inclusive of the balance expected at the beginning of the year for the several Districts of the Madras Presidency, except the Godavery District, amounts to Rupees 5,32,251; and the estimated expenditure to Rupees 5,12,806, leaving a balance of Rupees 19,445 at the end of 1865-66.

5. The Budgets received from the Collectors generally do not appear to have been prepared as correctly as could be wished, according to the instructions laid down for their guidance. Out

*Proceedings of the Madras Government, Revenue Department,
31st January 1865.*

of the expected available receipts of Rupees 50,385 in North Arcot, and Rupees 39,425 in Trichinopoly, only Rupees 43,545 and Rupees 22,066 have been proposed for expenditure by the Collectors of the two Districts respectively, leaving a balance of Rupees 6,840 in the former, and Rupees 17,359 in the latter. The Board have, therefore, raised the expenditure of North Arcot to Rupees 47,485, and that of Trichinopoly to Rupees 37,586.

6. The Collector of Kurnool proposed to expend a sum of Rupees 12,200 on new works in his Estimate of Charges; but in Part I. of the Budget, which gives the detailed particulars of the new works, a total sum of only Rupees 10,850 is inserted, leaving Rupees 1,350 unaccounted for.

7. The Board have adjusted the Estimate of Charges for this District, South Arcot, and Salem, so as to leave a small balance at the end of the year.

Kistna.
Cuddapah.
Kurnool.

8. The Collectors of the Districts noted in the margin have not specified the amount of expenditure to be incurred through the Public Works Department, and the Collectors of Madras, Tanjore, Madura, and Tinnevely have not provided for the Public Works supervision according to Rules. In all these cases the Board have assumed that the entire expenditure will be incurred by that Department, and have reserved 10 per cent. on that sum for Public Works supervision. In the Districts in which the amount for Public Works Establishments were incorrectly given, they have been altered according to Rules.

9. In the Budgets received from Vizagapatam and Nellore no provision is found on account of the reserve of 10 per cent. on the estimated income; and in those received from Cuddapah and Salem, the amounts of reserve are not correctly calculated. These omissions and inaccuracies have been supplied, and altered by the Board; and in those cases in which the estimate of charges exceeded the receipts by the addition of the reserve, not estimated by the Collectors, the expenditure proposed has been reduced to the necessary extent.

10. The Enclosure No. 3 is the Statement which shews the receipts and charges estimated on account of the other branches of Local Funds noted in the margin. In this statement also, the Godavery District is not included, as no Budget has yet been received from the Collector. In estimating the receipts on account

of Travellers' Bungalows, several Collectors appear to have included in the receipts of fees an expected grant-in-aid. In some cases the estimated charges exceed considerably the estimated receipts. The estimates having thus been prepared by the Collectors on a wrong principle, the Board have adopted for 1865-66 the estimated receipts for the current official year 1864-65, including the grant-in-aid. The expenditure also has been altered, with reference to the amount of receipts so estimated. In paragraph 22 of the Board's Proceedings, dated 23rd December 1864, sanction has been sought for a grant-in-aid of Rupees 18,770 towards maintenance of Public Bungalows. The construction and repair of public Bungalows, if not provided for in the Public Works Budget, will need a further grant of some Rupees 10,000 from imperial sources.

II. Resolved that these Proceedings be forwarded to the several Collectors for their information.

No. 360. Proceedings of the Board of Revenue, dated 27th January 1865.

Read the following letter from J. FRASER, Esq., Officiating Collector of the Godavery District, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, Madras, dated Ramachandrapur, 18th January 1865, No. 7:—

1. With reference to the Board's Miscellaneous Circular No. CVIII, dated 27th October 1864, I have the honor to forward Budget Estimates of Local Funds for 1865-66, duly countersigned by the Superintending Engineer, 1st Division.

*Proceedings of the Madras Government, Revenue Department,
31st January 1865.*

2. Work No. 10 for the completion of road from Gannavaram to Amlapur is added by Captain Ryves, and approved of by me. The estimate prepared by him for the above is herein enclosed.

3. I have returned the plans to him according to his request, as they require a little alteration.

1. With the foregoing letter the Officiating Collector forwards his Local Fund Budget for 1865-66, without any explanation of the extraordinary delay which has taken place in its submission, notwithstanding the frequent reminders sent from this Office. Mr Fraser is requested to explain the matter. The submission of the General Budgets to Government is most inconveniently retarded by such delay. The Board having waited for the Godavery District Budget for some time, were obliged to submit their General Budget without it.

2. Part I. of the Budget containing original works, will now be submitted to Government to be incorporated in the General Budget already forwarded with the Board's Proceedings, dated 25th January 1864.

3. Two Statements will also be forwarded, one shewing the estimated receipts and charges on account of the District Road Fund, and another containing similar information regarding the other Local Funds, which should be embodied in Statements Nos. 2 and 3 already submitted.

4. The Collector has estimated an income of 24,000 Rupees for the District Road Fund from fees on boats, &c., which he states have been credited to this head from May last, under instructions from the Accountant General. He is requested to explain the nature of these fees, how they are collected, and to what head they were credited before May last.

5. Out of Rupees 80,355, proposed to be spent in 1865-66, from the District Road Fund, the Collector states that the sum expected to be expended by the Public Works Department agency will be Rupees 24,230; but he has put down Rupees 7,835 for Public Works Establishment. This has been altered to Rupees 2,423, that being the amount obtained at 10 per cent. on the expenditure to be incurred by the Public Works Officers.

6. The estimate received from the Collector for the construction of a road from Ambajepet to Amalapore, amounting to Rupees 12,066, will be submitted for the sanction of Government. The work is included in Part I, for 1865-66.

No. 361. ORDER THEREON, 31st January 1865, No. 175.

Local Funds.

• North Arcot ... Rupees 500
Tanjore 12,000

1. With these Proceedings the Board of Revenue submit the Local Fund Budgets for 1865-66. The Salt road from Cocanada to Carassa Salt Pans, in the Godavery District, will be struck out agreeably to paragraph 3 of the Proceedings of Government, dated 5th January 1865, No. 13. The Government trust that the Board of Revenue have satisfied themselves that none of the Imperial lines are entered in these Budgets. The estimates for constructing markets* will also be struck out from the Budget Estimate of District Road Funds, with reference to the Proceedings of Government, dated 20th January 1865, No. 86. With these exceptions the Budgets are approved. They will be transferred to the Financial Department for transmission to the Government of India with the similar Budgets of the other Departments, agreeably to paragraph 31 of the Order, dated 4th March 1864, No. 392.

2. A copy of the District Road Fund Budget will be furnished to the Public Works Department, with reference to the Proceedings in that Department, dated 6th January 1865, No. 25. The instructions to distinguish in his Budget the works to be executed by Public Works Officers from the rest, were received too late to be attended to in the present Budget. The Abstract Statement given in paragraph 3 of the Board's Proceedings will, however, enable the Public Works Department to furnish the information in regard to several Districts.

3

*Proceedings of the Madras Government, Revenue Department,
31st January 1865.*

3. The Board of Revenue will submit, as soon as received, the explanation of the Collector of the Godavery District for the delay in the submission of his Budget.

4. The Government of India will be shortly applied to for a grant for the construction and repair of public Bungalows, in addition to that already sanctioned for the payment of the establishments attached to them.

5. The estimate for the road from Ambajipett to Amalapúr in the Godavery District, should have been separately submitted; it is however sanctioned.
