*Proceedings of the Madras Government, Public Works Department,
1st July 1865.*

No. 5. Read the following letter from Colonel A. J. M. BOILEAU, R. E.,
Superintending Engineer, 4th Division, to Colonel C. A. ORR, R. E.,
Secretary to Government, Public Works Department, dated Madras, 23rd
June 1865, No. 66 :—

SIR,

1. With reference to G. O. No. 1,172, dated 1st May 1865, and your Memorandum No. 99, dated 15th June 1865, I have the honor to report that I am unable at present to make any report on the prospect of the commercial success of the Indian Tramway Company's line from Arconum to Conjeveram.

2. You will, no doubt, have noted that Sir Charles Wood wrote under the impression that the line was *completed*. I observed by the public prints that the Consulting Engineer for Railways had 'passed' it for opening as far as Great Conjeveram, but, if completed, it is not, I believe, opened to Little Conjeveram, and any report made on the line, as incomplete, would be valueless.

3. I have been favored with a view of a Traffic Abstract for 'May,' but as that is the great festival month, any calculations of returns based thereupon would be futile.

4. I will endeavour to collect information necessary for such a report as Sir Charles Wood has called for, and furnish it after the line has been working for a few months, when there would be something to go upon. Any earlier report would be merely fallacious guess-work.
