MILITARY DEPARTMENT.
PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers:—

Military Despatch from the Right Honorable the Secretary of State for India, India Office, London, 16th May 1865, No. 57; to His Excellency the Governor in Council, Fort Saint George.

1. I have to inform you that, in compliance with your request in Military letter, No. 51 of 11th February 1865, I have sanctioned the engagement for a period of twelve months of a Miller, fully acquainted with the working of the Corn Mills, under provision for your Presidency. The Manufacturers have stated that they can engage a competent man at a salary of £4-10-0 per week, with travelling expenses out and home.

2. There are herewith forwarded working drawings of the Mills, and a copy of a letter from Messrs. Emmerson and Murgatroyd, dated 27th April, relative to the suggestion of your Commissary General, that the driving gear should be adapted to work a Kneading Machine. As the required information could not be furnished by this Office, the proposal cannot be carried into effect, for it does not appear desirable to detain the Mills any longer in this country, pending a reply to a reference to you for the necessary particulars.

From Messrs. EMMERSON and MURGATROYD, Heason Foundry, Stockport, 27th April 1865; to the Director General of Stores, Cannon Row.
Madras Corn Mills.

We can meet the suggestion for working the Kneading Machine (named in your letter of the 25th) by preparing a pulley to go on the Main Shaft in each Mill, as indicated by red ink on the enclosed working drawings of the Mills, in which case the Kneading Machine, we presume, would be placed on the ground floor of each Mill.

If you can supply us with the diameter and breadth of the fast and loose pulleys on each Kneading Machine, also the revolutions they are required to make per minute, we can then prepare a driving pulley the proper diameter and breadth for each Mill to give the speed required.

The additional cost would be six rupees for the three pulleys. The delay in doing so will only be several days after we receive the orders named above.

ORDER, No. 2388, 26th June 1865.

Communicated to the Commissary General, Controller of Military Accounts, and Department Public Works,* with reference to the correspondence noted in the margin.

2. Paragraph 1 of the foregoing Despatch will also be communicated to the Military Accountant, Examiner of Commissariat Accounts and Examiner Pay Department.

3. The Miller will, on arrival, be placed under the orders of the Commissary General.

4. The working drawings, received with the Despatch above recorded, will be forwarded to the Department Public Works.
