G.O. No. 1880	Press Mis.
Lo 5-606	
Dated 3-7-	1865

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
5th July 1865.*

No. 105. Read the following letter from Captain J. G. RYVES, R. E., Superintending Engineer, 1st Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Waltair, 21st June 1865, No. 355:—

SIR,
1. With reference to paragraph 5 of G. O. No. 3,414, of 21st November 1863, I have the honor to enclose plans and estimates as per margin,* for constructing (Range) Offices in No. 2 Range in the Godavery and in No. 1 of the Vizagapatam Districts, the former at a cost of Rupees 360, and the latter at 350 Rupees.

* 1 Plan of Range Office at Gunnarum.
1 Estimate for do.
1 Plan of Range Office at Nursipatam.
1 Estimate for do.

2. It will be seen from Statement No. 2, which accompanied my predecessor's letter No. 664 of 1st August 1863 (read in the above G. O.), that Rupees 1,400 and Rupees 550 have been roughly estimated for tiled houses in the specified Ranges respectively: the accompanying estimates provide for Offices with permanent walls and temporary roofs, so as to keep their cost within the maximum (Rupees 350) fixed by Government.

3. Both the Range Officers who propose to erect these buildings report that unless the sanction of Government to the enclosed estimates is immediately obtained, danger to the public records is anticipated, in addition to the inconvenience to which the Range Offices are at present put for want of proper accommodation. I have therefore the honor to request that early sanction may be accorded to the same, and that the necessary amount, viz., Rupees 710, granted to me from the year's Reserve.

No. 106. ORDER THEREON, 5th July 1865, No. 1,880.

CIVIL WORKS, No. 8.

1. The Governor in Council sanctions the estimates submitted with this letter, amounting in the aggregate to Rupees 710, for the construction of Offices for No. 2 Range in the Godavery and No. 1 Range in the Vizagapatam Districts.

2. There are, at present, no funds available for appropriation to these works, but as danger to the public records is apprehended by their postponement, the Government grant authority for their immediate execution, in anticipation of a specific allotment later in the year.
