*Proceedings of the Madras Government, Public Works Department,
5th July 1865.*

No. 107. Read the following letter from Captain A. S. MOBERLY, R. E.,
Superintending Engineer, 3rd Division, to Colonel C. A. ORR, R. E.,
Secretary to Government, Public Works Department, dated Camp, Raman-
drug, 21st June 1865, No. 45 :—

Sir,

1. I have the honor to bring to your notice, for the orders of Government,
that the Controller of Public Works has ruled, that Major J. G. Palmer, Executive
Engineer 3rd Grade, is not entitled to the extra amount of Rupees 100 formerly
drawn by him, stating that paragraph 9 of G. O. No. 1,137, of 28th April last, does
not apply.

2. As this G. O. states that the Orders contained in Proceedings No. 1,649,
of 24th June 1863, are to apply to those Officers who have, under the scale now
sanctioned, been appointed to positions, the salaries attached to which are lower
than those previously drawn by them, and the order referred to above mentions

No. 1,649 of 24th June 1863.

that the Governor in Council does not
intend that Officers should suffer pecu-
niary loss, I cannot conceive how the
Controller makes out that the order does not apply.

3. Previous to the appearance of the G. O. of 28th April last, Major Palmer
drew Rupees 500 as his departmental salary, he having been appointed a 2nd Class
Executive Engineer on the 9th September 1864, and drew pay as such till the end
of April 1865; but being now appointed an Executive Engineer of the 3rd Grade,
the pay of which is only Rupees 400, the Controller wishes to cut off 100 Rupees.

4. I beg also that Government will decide from what date the revised scale
of Establishments is to have effect, as, though in paragraph 2 of G. O. No. 1,137 of
the 28th April 1865, the date is laid down as 1st May, the Controller will not pass
the increased salaries for the Range Accountants, stating that, until the transfer of
the compilation of accounts has been finally arranged, the increased establishments
sanctioned for Ranges were not to be employed. As I see no mention of this in
any part of the Government Order, I cannot understand how the Controller has
made out this ruling. He has admitted the increase with respect to the Range
Lascars.

1. Paragraphs 1 to 3 of this letter
will be referred to the Controller of Public
Works Accounts for report. It is observed
the Department on the date of the Orders
marginally noted, was that of Executive
Engineer Second Class, the salary attached
to which is Rupees 500 for a Military
Officer, and Rupees 750 for a Civilian.

2. With reference to paragraph 4, the Superintending Engineer, 3rd Division,
will be informed that the present Range Establishments should continue to be
employed until the transfer of the compilation of accounts from the Offices of the
Superintending Engineers to those of the Range Officers has been effected. In
special cases, however, the Government will be prepared, on sufficient cause being
shown, to authorize the entertainment of the larger Establishments provided for in
Proceedings No. 1,137, dated 28th April 1865.
