**Proceedings of the Madras Government, Public Works Department,
6th July 1865.**

No. 126. Read the following letter from Captain J. G. RYVES, R. E., Superintending Engineer, 1st Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Waltair, 23rd June 1865, No. 368:—

SIR,
1. I have the honor to submit, for sanction, the accompanying estimate, amounting to Rupees 321-12-10, for tools already purchased for works in progress in the District of Vizagapatam.

Enclosure 1.

2. The value of these tools is at present included in the expenditure incurred in 1864-65 against the estimate of the road from Karasa Gully to Gazoowaka, but as, under the existing rules*, all such outlays incurred after 1st May 1864, should be charged to a special head "Tools and Stores" it is proposed to credit the work in question (when the amount of the enclosed work is sanctioned from the Reserve for Tools and Stores) with the sum of Rupees 321-12-10, as "a previous year's recovery" by debiting a corresponding sum to "Tools and Stores."

3. As, by the proposed arrangement, the expenditure incurred on the road referred to up to 30th April 1865, will be reduced by Rupees 322, I do myself the honor of requesting that similar amount (Rupees 322) may be granted to me from the current year's Reserve for the completion of the road.

No. 4 of 1865-66.

Estimate made by the Executive Engineer, Vizagapatam Range, of the probable value of tools referred to in letter No. 95 of 20th June 1865.
