*Proceedings of the Madras Government, Public Works Department,
19th July 1865.*

No. 497. Read the following letter from Captain A. S. MOBERLY, R. E.,
Superintending Engineer, 3rd Division, to Colonel C. A. ORR, R. E.,
Secretary to Government, Public Works Department, dated Bellary, 12th
July 1865, No. 73 :—

SIR,

1. In reply to G. O. No. 1,603 of the 12th ultimo, I have the honor to inform
you that Major Flint can undertake the supervision of the road between the Toon-
gabuddra and Kistna rivers, within the Hyderabad territories, but he will require
a separate Establishment for this work, as his present Establishment has as much
work now to attend to, as it can efficiently perform.

2. I have received an estimate from Major Flint for the construction of this
road, prepared agreeably to G. O. No. 248 of 26th January last, amounting to
Rupees 1,36,800, which is now under examination in my Office. The length in the
Kurnool District is 5 miles 133 yards, and in the Hyderabad territories $9\frac{1}{4}$ miles,
the cost of the former being about Rupees 30,000, and of the latter one lac of Ru-
pees, the cause of this difference is, that there is a greater number of masonry works
required in the latter portion.

No. 498.

ORDER THEREON, 19th July 1865, No. 2,076.

MILITARY WORKS, No. 34.

The Superintending Engineer, 3rd
Division, will report with reference to
paragraph 1 of this letter, what Estab-
lishment will be required by the Officer in charge of the Kurnool Range to enable
him to undertake the supervision of the road between the Toongabuddra and Kistna
rivers, within the Hyderabad territory. Captain Moberly's letter is clearly incom-
plete without this information.

Sir,

In reply to G. O. N^o: 1603 of the 12th ultimo I have the honor to inform you that Major Flint can undertake the supervision of the road between the Tungabuddra and Krishna Rivers within the Hyderabad territories, but he will require a separate Establishment for this work, as his present Establishment has as much work now to attend to, as it can efficiently perform.

2. I have received an Estimate from Major Flint for the construction of this road, prepared agreeably to G. O. N^o: 248 of 26th January last, amounting to Rupees 1,36,000, which is now under examination in my Office. The length in the Karnool District is 5 miles 133 yards, and in the Hyderabad territories 9 1/4 miles: the cost of the former being about R^o: 30,000 and of the latter one lac of Rupees: the cause of this difference is, that there is a greater number of masonry works required in the latter portion.

I have &c
