*Proceedings of the Madras Government, Public Works Department,
19th July 1865.*

No. 501. Read the following letter from Captain J. MULLINS, R. E., Consulting Engineer for Irrigation and Canal Company, to Colonel C. A. ORR, R. E., Secretary to Government, Department of Public Works, dated Madras, 11th July 1865, No. 54:—

SIR,

1 Sketch survey.

1 Cross section.

1 Letter in original from Agent, General No. 100.

1. With reference to paragraph 2 of the Order of Government of the 4th May last, No. 1,210, I have the honor to forward a sketch survey of the proposed Luckavully Reservoir site, showing the

land which would be submerged by retaining water to a level of 160 feet above the surface of the summer water of the Buddra at the place chosen for the bund. The cross section of the river and ground at the bund site, which was received with the sketch, is also enclosed.

2. I beg also to forward, for the information of Government, a letter, No. 60 of the 26th May last, from the Agent and Manager Madras Irrigation and Canal Company, showing that the Board of Directors have called for further information regarding this Reservoir site to enable them to come to a decision on this subject. The plans and estimates for the Reservoir were, Mr. Henslowe informs me, forwarded to the Board in November 1864.

From F. H. HENSLOWE, Esq., Agent and Manager Madras Irrigation and Canal Company, to Captain J. MULLINS, R. E., Consulting Engineer Madras Irrigation and Canal Company, dated Madras, 26th May 1865, No. 60.

SIR,

Since writing my No. 17 of the 10th instant, I have received a communication from the Secretary, in which he informs me that the information before the Board is too scanty to enable the Directors to arrive at a decision regarding the Luckavully Reservoir. I have requested the Provisional Chief Engineer to furnish any additional information he may be in possession of regarding the capacity and probable cost of the tank.
