No. 359. Read the following letter from Captain A. S. MOBERLY, R. E.,
Superintending Engineer, 3rd Division, to Colonel C. A. ORR, R. E.,
Secretary to Government, Public Works Department, dated Bellary, 5th
July 1865, No. 60 :—

SIR,

I have the honor herewith to forward, for the favorable consideration of Govern-
ment, an original report* on the condi-
tion of minor works of irrigation in the
Madanapalle Range of the Cuddapah

District, with suggestions for reclaiming waste lands, submitted by Major Palmer,
Executive Engineer.

Referred to the Revenue Department.

FORT SAINT GEORGE,
11th July 1865.

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government, P. W. D.

No. 360. ORDER THEREON, 20th July 1865, No. 1,679.

Land Revenue.

1. Forwarded to the Board of Revenue for full
enquiry and report.

2. It should be ascertained from the Collector
what steps have been taken in his District to promulgate the Rules for the relinquish-
ment of ruined tanks to the Ryots, and how it is that the state of things reported by
Captain Palmer has not attracted the notice of the District Revenue Officers, and been
brought prominently forward, by report, to superior authorities.

3. If the Rules have not been published in the Cuddapah District Gazette,
they should now be so at once, and it is to be understood that they are applicable to
the case not only of breached tanks, but of tanks so silted up as no longer to answer
the purpose of irrigation without an expenditure on repairs, which it is not deemed
economical by the local Officers in the Revenue and Public Works Departments
to make.

4. The Collector should obtain a detailed report from the Sub-Collector, in
whose division apparently the tract specially noticed by Captain Palmer lies, on each
of the cases named in the list and on all similar cases occurring in the Sub-Division,
and he should institute enquiries to ascertain how far a similar state of things exists
elsewhere in the District.

5. His proposals for the individual cases should be submitted to the Board,
and disposed of by them under the Rules.

6. The Government look to the Board to ensure that the Rules in question
are brought into full operation in all suitable cases.

7. It would be well to call for brief reports from each District, to ascertain
that they are understood and have been generally promulgated.

(True Extract.)

Anderson
Acting Secretary to Government.
