MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers:—

From the Barrack Master Presidency, Fort Saint George, 10th April 1865, No. 1740; to the Secretary to Government, Military Department.

I have the honor to submit an Estimate* for repairs to a building in Bandicoot Alley, with the view to its being made available as a small Office, should the Government deem it expedient.

*Rupees 1,100.

2. From its confined situation and limited size, and the annoyance arising from the smoke from the Stables in the vicinity, it has long been unappropriated for public purposes, and the Clerk of the Church was permitted, to reside in it.

3. The Judge Advocate General has inspected the premises, but considers them unsuitable for an Office.

4. The Military Fund Office Establishment might be accommodated in the building, but objections, I believe, now exist to converting the present Fund Office into Quarters, as it overlooks the new Family Quarters.

5. Under these circumstances, I would request instructions regarding its repair and subsequent disposal.

From the Barrack Master Presidency, Fort Saint George, 17th June 1865; to the Secretary to Government, Military Department.

I have the honor to re-submit Estimates for repairs and additions to the house in Bandicoot Alley to complete it as a small Office.

1 Statement.

2. The building it appears is too small for either of the Establishments of the Sanitary Commission, and Principal Inspector General Medical Department, while objection is made by the Judge Advocate General to occupy it from its

proximity to the stables, and to the annoyances of smoke, and emanations therefrom

3. These Stables are undoubtedly a source of annoyance to the residents in the vicinity, and it would be an advantage both as regards comfort and cleanliness, if stabling could be provided elsewhere.

4. The site of the present Laboratory would probably afford space for 16 or 18 Horses, and is sufficiently distant to prevent any inconvenience being experienced by occupants of quarters within the walls.

Referred to the Inspector General of Ordnance, for report on paragraph 4.
22nd June 1865.

From the Inspector General of Ordnance and Magazines, Fort Saint George, 1st July 1865, No. 62; to the Secretary to Government, Military Dept.

In returning the enclosures received under your docket, dated 22nd June 1865, I have the honor to state, with reference to the 4th paragraph of the letter from the Barrack Master, which forms one of those enclosures, that the buildings lately occupied by the Laboratory cannot be made available, at present, for the purpose mentioned by the Barrack Master. The Laboratory vacated only two rooms, which were used for working; the other rooms are still employed for stowing Armstrong Shells

and Fuzes, which must be kept under cover and placed in safe custody to prevent the Brass Plugs being taken out of the Projectiles; cover is also required for the Machinery which is being removed from the Wallajah Berm, about to be given over to the Military Authorities for the purpose of being appropriated for Soldiers' Gardens.

ORDER, No. 2601, 13th July 1865.

It appearing that the building adverted to in the foregoing papers, can be rendered suitable as an Office for the Judge Advocate General, for whose present Office Government are paying rent,

Rupees 60 monthly.
Pro. of Govt., No. 1085, 1st April 1863. the Governor in Council resolves to sanction the proposed repairs and alterations to the Quarters in question, for the above purpose.

2. Arrangements must be made by the Military Authorities in the Fort, to abate the nuisance of smoke, &c., from the adjacent stables, and the occupants warned that the use of the premises can only be continued to them on the above condition.
