MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter :—

From the Quarter Master General, Head Quarters, Ootacamund, 13th July 1865,
No. $\frac{194}{7293}$; to the Secretary to Government, Military Department.

Referring to Proceedings of Government, No. 2165, dated 9th ultimo, the Officer Commanding Southern Division has forwarded the enclosed Estimate for Stoves of Duff's pattern in the Barracks and Hospital at Wellington.

2. The Stoves can be made at the Mint at the charges stated, and they are made of an iron frame-work instead of fire-bricks ; they are therefore much more durable.

3. The cooking vessels now in use with Troops are of a pattern that will serve for the Stoves. There will therefore be no charge on this account, but the cost of their carriage to Wellington, and of fitting them up there, are included in the Estimate.

4. Eighteen Stoves are required, four for each of the four blocks of Barracks, (that is, two on each floor) one for the Hospital, and one for the Serjeants' Mess.

5. The Quarter Master General has conferred with the Executive Engineer, and has seen the Stove now in use at the Jail here, and the Commander-in-Chief therefore recommends that the Estimate be sanctioned, and that the work be undertaken at the Mint, as the cost seems more moderate than if executed at the Gun Carriage Manufactory, as previously ordered.

6. Should any diminution in the number of Stoves for Wellington be ordered, in consequence of the conversion of that place into a Convalescent Depôt only, the surplus may be sent to Bangalore.

ORDER, No. 2803, 28th July 1865.

Ordered to lie over, with reference to Proceedings of Government, No. 2719, 21st July 1865, paragraph 2.

(True Extract.)
