No. 199. Read the following Endorsement of the Superintending Engineer, 7th Division, dated Bhowany, 25th July 1865 :—

Read the following letter from Major W. FAREWELL, Executive Engineer, to Lieutenant-Colonel G. W. WALKER, R. E., Superintending Engineer, 7th Division, dated Ootacamund, 19th July 1865, No. 88.

SIR,

With reference to my letter No. 49, dated 19th June 1865, I have the honor to bring to your notice that, according to the system recommended by Sir W. Snow Harris, it is necessary to protect all four pinnacles of the Coonoor Church with Lightning Conductors, the same being connected with the main rod leading to the earth, the original estimate of Rupees 470 is therefore not sufficient for the work, a fresh estimate accompanies this letter, amounting to 670 Rupees, Rupees 470 of which have already been sanctioned, so Rupees 200 have only to be provided for, which might be obtained from the sum of Rupees 2,000 set apart in the Budget of 1865-66 for repairs of Churches, &c., in this District.

Submitted for the sanction of Government, with recommendation that funds be provided in the manner suggested by Major Farewell.

(Signed) G. W. WALKER, Lieut.-Colonel, R. E.,
Superintending Engineer, 7th Division.

No. 200. ORDER THEREON, 8th August 1865, No. 2,280.
