SIR,

1. In obedience to the Order of Government No. 2,695, dated 16th September 1864, I have the honor to submit a plan and estimate, Rupees 25,800, for constructing a bridge over the Poiney anicut in the North Arcot District.

1 Abstract Estimate.

1 Specification.

1 Collector's letter No. 205, dated June 1865.

2. There is nothing, that I am aware of, new to say concerning this

work. In forming a part of the original sanctioned estimate its full advantages have been admitted. The Collector, however, in the accompanying letter, expresses a fear that it will lead to the abandonment of Trunk Road No. X. Be it so. We shall have only to transfer the maintenance also, from one road to the other.

3. However it is not my wish to press sanction at present, as under G. O. No. 533, dated 24th February 1865, the funds out of which it was to be constructed have been disallowed, and I cannot hope to obtain so large a sum from the Reserve.

4. The project is merely submitted, as I said, in obedience to orders, and permission is requested to enter it in the Budget of 1866-67.

Vide G. O. No. 2,696, dated 16th September 1864. The work, however, is not of so necessary or indispensable a character as many others that

are held in abeyance for want of funds, and its execution may therefore be postponed.
