Proceedings of the Madras Government, Public Department,
31st January 1865.

No. 190. Read the following letter from G. A. BALLARD, Esq., Collector of Malabar, to the Honorable A. J. ARBUTHNOT, Chief Secretary to Government, Fort Saint George; dated Calicut, 20th January 1865, No. 10.

I had the honor of addressing you lately* on the subject of an Hospital at Goodaloor.

The season is too far advanced to commence a permanent building for an Hospital now; but there is a small building not quite finished that was intended for a Travellers' Bungalow last year, but owing to several unfortunate circumstances was not completed, and as I lately reported† to the Board is not worth now completing as a Travellers' Bungalow.

* Collector to Government, 26th December 1864, No. 167.
† Letter to Board, dated 20th December 1864, No. 314.

2. If Government will be pleased to appoint an Apothecary, this imperfect building might be made over; one room for his residence, and one as a store for medicines, &c.

3. Rupees 50 of the original amount sanctioned for this building remain in the hands of the Sub-Magistrate.

The residents are willing to subscribe from Rupees 250 to 300 more; and with these funds I would propose that the imperfect building just mentioned be made habitable and serviceable, and a temporary shed be erected by it as an Hospital, till such time as a more permanent hospital can be provided.

This meets the wishes of the residents.

4. I beg, therefore, that Government will be pleased to sanction the proposal, to appoint an Apothecary, and order a supply of medicines, and that this be done with as little delay as possible. If I am directed to carry out the building arrangements at once, the house would be ready for the Apothecary in the course of a fortnight or so from the date of orders reaching Goodaloor.

5. I do not think a Travellers' Bungalow is as emergently required at Goodaloor as an Hospital and medical aid; but, as above said, the small building I would for the present appropriate for the Apothecary's residence will never, from its faulty construction, make a decent public bungalow.

I have, therefore, proposed that at any rate another should in due course be provided.

No. 191. ORDER THEREON, 31st January 1865, No. 126.

The Government, in their Proceedings of the 24th instant, have ordered the Principal Inspector General, Medical Department, to send an Assistant Apothecary or 1st Dresser to Goodaloor, together with a supply of medicines, and have sanctioned the immediate erection of a substantial temporary shed to be used as a Hospital, at a cost of Rupees 600. The Governor in Council has no objection to the building referred to in the foregoing letter being made water-proof, and used as a residence for the Apothecary or Dresser, and as a store for medicines, &c.; a temporary shed being erected close to it to serve as a Hospital, until a permanent Hospital can be built. The cost of the arrangement, it is observed, can be met from

the local subscription, and a small balance of Rupees 50, in the hands of the Sub-Magistrate, out of the sum sanctioned for the building which was erected as a Travellers' Bungalow.
