*Proceedings of the Madras Government, Public Works Department,
21st August 1865.*

No. 692. Read the following letter from Lieutenant-Colonel G. W. WALKER, R. E., Superintending Engineer, 7th Division, to Colonel C.A. ORR, R. E., Secretary to Government, Department Public Works, dated Camp, Coonoor, 10th August 1865, No. 86 :—

SIR,

I have the honor to submit, for the orders of Government, the accompanying copy of a letter* from Major Farewell, with its two original enclosures, relating to the conduct of the Indian Carrying Company's Agents, with reference to articles entrusted to them for delivery, and to their subsequent disregard of all inquiries on the subject. Nothing can be made of the matter up here; and there would seem to be no resource, but to sue the Company for the entire value of the Saw Machine, making over to them the portions they have delivered.

* No. 71, dated 10th July 1865.

From Major W. FAREWELL, Executive Engineer, to Lieutenant-Colonel G. W. WALKER, R. E., Superintending Engineer, 7th Division, Coimbatore, dated Ootacamund, 10th July 1865, No. 71.

SIR,

1. On the 16th September 1864, Overseer Vedamootoo despatched to my address, through the agency of the Indian Carrying Company's Agent at Calicut, the component parts of a Circular Saw Table as per the accompanying list; about a month after a portion of the articles, as marked in red ink, were received from the Agent of the Indian Carrying Company, Ootacamund, the missing articles were promised in a day or two, but have not to the present day been received. The Company's Agent here has been several times addressed by letter on the subject, but takes no notice whatever of my communications. I have therefore the honor to request that you will obtain the permission of Government for me to compel the company either to deliver up the missing articles, or make good their value.

2. I hold the Company's receipt for the articles delivered for despatch at Calicut, and enclose a copy of it for your information.

3. The missing articles were all packed in a box, which box has never been delivered here.
(A true Copy.)
