Proceedings of the Madras Government, Public Works Department,
21st August 1865.

No. 700. Read the following letter from Captain A. S. MOBERLY, R. E.,
Superintending Engineer, 3rd Division, to Colonel C. A. ORR, R. E.,
Secretary to Government, Public Works Department, dated Bellary, 9th
August 1865, No. 106:—

SIR,

With reference to paragraph 3 of G. O. No. 2,154, of the 26th ultimo, I have
the honor to request that you will inform me as to whether it is left to me to decide
as to the advisability of raising the calingulahs 1 yard and the bank $1\frac{1}{2}$ yard, or
whether Captain Fischer's proposal is to be carried out in its full integrity. The
more I see of the work the more satisfied I am that raising the calingulahs half a
yard and the bund one yard will amply suffice; if hereafter it should be found that
I am wrong, the work can easily be raised; whereas if I am right and the work
only carried out as I have proposed, there will be a saving. Pending the instruc-
tions of Government on the subject, I have given instructions not to raise the
bank more than one yard, or the calingulah half a yard.

No. 701. ORDER THEREON, 21st August 1865, No. 2,430.

MILITARY WORKS, No. 41.

The Superintending Engineer is
authorized to use his discretion in decid-
ing on the height to which the embank-
ment and calingulah referred to should be raised.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 3rd Division.
,, Controller of Public Works Accounts.

Exd. S. T. Augustin.

From

Captain A. S. Moberly, R. E.
Superintending Engineer 3rd Division

To

The Secretary to Government
P. W. D.

Sir

With reference to Para^s 3 of G.O. N^o 2154 of 11th 26th ultimo, I have the honor to request that you will inform me as to whether it is left to me to decide as to the advisability of raising the Calingulath 1 yard and the bank 1 1/2 feet or whether Captain Fischer's proposal is to be carried out in its full integrity. The more I see of the work the more satisfied I am that raising the Calingulath 1/2 a yard and the bund 1 yard will amply suffice: if hereafter it should be found that I am wrong, the work can easily be raised; whereas if I am right and the work only carried out as I have proposed, there will be a saving.

Obedient to the instructions of Government on the subject I have given instructions not to raise the bank more than 1 yard, or the Calingulath 1/2 a yard.

I have &c &c

A. S. Moberly

Captain R. E.
Superintending Engineer
3rd Division
