*Proceedings of the Madras Government, Public Works Department,
21st August 1865.*

No. ⁵804. Read the following letter from Captain A. S. MOBERLY, R. E.,
Superintending Engineer, 3rd Division, to Colonel C. A. ORR, R. E.,
Secretary to Government, Public Works Department, dated Bellary, 9th
August 1865, No. 105 :—

SIR,

1. With reference to G. O. No. 2,092, of the 20th ultimo, I have the honor to
inform you that I cannot learn of any instance of Mr. King's preparation for
preventing the ravages of white-ants having been heard of, or used at Cuddapah.

2. During nearly two years that I was an Assistant in the Cuddapah District
in the years 1851-53, I never heard of
Letter in reply herewith sent in original. Mr. King's preparation; I have enquir-
ed of Major J. G. Palmer, who has been

in the Cuddapah District since 1855, and of others who know the place well, but
can learn nothing about it.

3. When taking charge of this Division from Colonel Hemery in November
last, that Officer advised my not putting my boxes in a certain room of the house
on account of the great number of white-ants. As Colonel Hemery had been, on
and off, in the Cuddapah District for about sixteen years, I feel sure that he would
have heard of the preparation suggested by Mr. King, if it had been really used and
found successful, and I can only think that Mr. King has been hoaxed.

Sir

With reference to G.O. N^o 2092 of
the 21st ultimo, I have the honor to inform you that
I cannot learn of any instance of Mr. King's prepara-
tion for preventing the ravages of white ants having
been heard of or used at Quetzalapa.

Letter in reply herewith
sent in official.

2. During nearly two years that I was an Assistant in the
Quetzalapa District, in the years 1857-1858, I never heard
of Mr. King's preparation. I have inquired of Major
J. G. Palmer, who has been in the Quetzalapa District since
1855, and of others who know the place well, but can
learn nothing about it.

3. When taking charge of this division from Col. Hemery
in November last, that officer advised my not putting
my boxes in a certain room of the house, on account of
the great number of white ants: as Colonel Hemery had
been, on and off, in the Quetzalapa District for about six-
teen years, I feel sure that he would have heard of
the preparation suggested by Mr. King if it had been
really used and found successful, and I can only think
that Mr. King has been deceived.

I have &c.
