To the Officer in charge of the Store Department, with Indent in triplicate.
,, Controller of Public Works Accounts.

Exd. S. T. Angustin.

*Proceedings of the Madras Government, Educational Department,
16th August 1865.*

No. 29. Read the following letter from A. HUNTER, Esq., M. D., Superintendent of the School of Industrial Arts, to the Honorable A. J. ARBUTHNOT, Chief Secretary to Government, Fort Saint George; dated Madras, 9th August 1865.

I have the honor to request you will obtain the sanction of Government for my obtaining on Indent, from the Department Public Works, the following articles required for immediate use in the School of Industrial Arts, in lieu of the Steam Engine formerly indented for, as Mr. Moncrieff considers that they would be more useful than the Steam Engine. I enclose copies of the correspondence that has passed between us on the subject.

From A. HUNTER, Esq., M. D., Superintendent, School of Industrial Arts, to F. L. MONCRIEFF, Esq., C. E., General Superintendent of Public Works Stores and Workshops; dated Madras, 2nd August 1865.

In reply to your letter of the 21st ultimo, on the subject of Machinery and Tools to be supplied on Indent from your Department, I have the honor to inform you that I had intended to apply to Messrs. Parry & Co., the Agents for the premises occupied by the School of Arts, to erect a room suitable for receiving the Machinery, &c., proposed to be worked by steam.

2. I believe that the Machinery and Steam Engine, indented for, could be worked without exceeding the monthly allowance now sanctioned for expenditure in the Establishment.

3. I agree with you, in considering that the Steam Engine is not at present urgently required, but that it might be supplied hereafter, as soon as the building is put into a state to receive it.

4. I intend acting upon your suggestions to apply for sets of Carpenters and Smiths' tools, bellows, saws, grindstones, and other articles that are urgently required for present use.

5. I shall feel obliged if you will forward the articles in the Indent, dated 21st March 1865, with the exception of the Steam Engine. I submit herewith another Indent for Carpenters and Smiths' tools, &c.

From F. L. MONCRIEFF, Esq., C. E., Storekeeper of Machinery, to A. HUNTER, Esq., M. D., Superintendent, School of Industrial Arts, Madras; dated Chepauk, 2nd August 1865,

No. 17.

I have the honor to acknowledge your letter of this date, and its enclosures.

2. In reply, I beg to suggest that you make one Indent (in Triplicate) for the Machinery and Tools required from the Public Works Stores for use in the School of Arts, and forward the same to Government, for sanction, through the Educational Department.

3. With reference to the latter portion of paragraph 3 of G. O., No. 153, of the 8th June, in the Educational Department, I am of opinion that, with the exception of the 4 H. P. Steam Engine, the Machinery and Tools now applied for can be worked at the school under your charge without exceeding the monthly allowance now sanctioned for its expenditure.

4. I request, when you are forwarding the Indents for the sanction of Government, copies of the correspondence which has passed between us on this subject may accompany them.

(True Copies).

MADRAS, 8th August 1865.

(Signed) A. HUNTER, M. D.,

Superintendent, School of Industrial Arts.

ORDER THEREON, 16th August 1865, No. 227.

No. 30. The Governor in Council sanctions the Indent, submitted with the foregoing letter, for articles required for use in the School of Industrial Arts.

(True Extract).

G. J. Arbuthnot
Chief Secretary.

To the Superintendent, School of Industrial Arts.
,, Department Public Works, with Indent in Triplicate.
