Read the following letters :—

No. 598. From Captain J. MULLINS, R. E., Consulting Engineer for Irrigation and Canal Company, to Colonel C. A. ORR, R. E., Secretary to Government, Department of Public Works, dated Madras, 12th August 1865, No. 66.

SIR,

1. With reference to paragraph 2 of the Order of Government of the 5th instant, No. 2,263, I have the honor to request permission to remove the Order of Government No. 2,668 of the 15th September 1863, from the List of Unanswered References.

2. Paragraph 7 of that Order directed the Consulting Engineer to obtain and submit for sanction supplemental and revised estimates for certain works, viz. :—

3. Further estimates will be required fully to complete the works recommended by General Ludlow, or since found necessary, but the retention of the Order among the Unanswered References is not, I think, necessary, especially as several subsequent reports on the condition and requirements of the Canal have subsequently been submitted to, and considered by Government.

No. 599. From Captain J. MULLINS, R. E., Consulting Engineer for Irrigation and Canal Company, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 12th August 1865, No. 67.

SIR,

1. I have the honor, with reference to paragraph 2 of the Order of Government, No. 2,263, of the 5th instant, to request permission to remove the Government Order No. 304, of the 2nd February 1865, from the List of Unanswered References.

2. In this Order the Government required, before according sanction to the commencement of the main Canal in the Nellore Division, that estimates for the whole of the works between Soonkasala and Somaishwaram should be submitted in order that it might clearly be ascertained that all works commenced would be capable of completion for irrigation purposes within the guaranteed million.

3. Since this order was passed the sanction for the 9th section, that immediately north of the Pennair, has been cancelled, and the Board of Directors have intimated their intention of restricting the constructive operations of the Company by means of the guaranteed capital of one
