MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following :—

Military Despatch from the Right Honorable, the Secretary of State for India, India Office, London, 15th July 1865, No. 77; to His Excellency the Governor in Council, Fort Saint George.

With reference to paragraph 1 of my Military Despatch, No. 57 of 16th May 1865, I have to inform you that, on the recommendation of Messrs. Emmerson and Murgatroyd, the Manufacturers of the corn mills under provision for your Presidency, I have sanctioned the engagement of a man, who is a millwright as well as a miller. I forward, for your information, copy of a letter from the above mentioned firm, stating the terms upon which a duly qualified person may be engaged.

From Messrs. EMMERSON and MURGATROYD, Heaton Foundry, Stockport, 22nd June 1865; to the Director General of Stores, Cannon Row, Westminster, London.

Since we wrote you last we have had some conversation with one of our best millwrights, who has been in Malta 12 months, erecting a corn mill and working the same; he is a good miller and has been in our employ 10 years. He is 37 years of age and would undertake to go out to Madras and erect the mills and then stay and work them afterwards, if necessary, or instruct people there, so that they might be able to work them. He is a steady married man without children, and he would go out at £6 per week, and a free passage for his wife and self to India and back; he being a thorough practical millwright engineer and miller, we strongly recommend him in preference to a man who is only a miller, however good at his business; we feel sure that the Home Government and the Madras Government would be well satisfied with the result.

He having been twelve months in Malta will be somewhat acclimatized.

If after consideration you decide to send out the man who is only a miller, in preference to the one who is both millwright and miller, then after receipt of your reply we can send you the man decided upon for Medical examination.

ORDER, No. 3089, 21st August 1865.

Communicated to the Commissary General and Departments concerned, with reference to Proceedings of Government, 26th June 1865, No. 2388.
