*Proceedings of the Madras Government, Public Works Department,
11th September 1865.*

No. 230. Read the following letter from E. G. R. FANE, Esq., Collector of the Madras District, to the Honorable A. J. ARBUTHNOT, Chief Secretary to Government, Fort Saint George, dated Saidapet, 1st September 1865, No. 154.

SIR,

In reply to paragraph 2 of the Government Proceedings No. 452, of the 9th instant, Financial Railway Department, I have the honor to submit a copy of my Sub Collector's report after a personal inspection of the spot. The nuisance complained of is a deserted pool. It belongs to a Pagoda, and the Durmakartahs have no objection to its being filled up, provided the reclaimed land is made over to them. The Cloth Merchants of the Town of Conjeveram are, however, willing to take it over and clean it, and to keep it in good order. To this proposal also the Durmakartahs have no objection. Mr. Webster is of opinion that the pool should be filled up; but I would suggest that it be given over to the Cloth Merchants, on condition that they enclose it with a parapet wall and keep it otherwise in order:

No. 231. ORDER THEREON, 11th September 1865, No. 2,659.

CIVIL WORKS, No. 26.

Authority is granted for the pool in question being made over to the Cloth Merchants of Conjeveram; but the Collector will see that it is enclosed with a parapet wall, and that it is kept in order and clean.

Sir,

With reference to your endorsement of 14th Instant. on the Proceedings of the Madras Government Financial Railway Department No 21 dated 9th Inst., I have the honor to report that I have personally inspected the pool alluded to, and held a verbal enquiry in the matter.

2. It belongs to the Muttar-
-swaraswamy temple, the Durmakar-
-tath of which are Washermen. They
agree to its being filled up, if the re-
-claimed land is made over to them.
To this there can be no objection.

The

3. The Cloth Merchants of the town have come forward and offer to clean the pool, and to build steps on the temple side, and on that near the Choultry, if the inhabitants of the latter are allowed the use of the pool. The Durmahattas agree to this proposition also.

4. The pool is about 30 yards in diameter, and in the monsoon would be about 12 feet deep at least. To fill it up therefore would require a considerable expenditure. I am of opinion however, that the pool should be filled up, as although it might be cleaned now, it would in a very few years become as filthy as it is at present. I am averse therefore to accepting the offer of the Cloth Merchants, and would suggest that the pool be filled up, the expenditure being defrayed from the surplus Pagoda Funds.

5. I have the honor to enclose the record of the written enquiry held by

by the Tahsildar on the subject.
